Big Brothers Big Sisters of the Inland Empire (“BBBSIE”) Mentoring Programs:

- Providing children facing adversity with a strong, enduring professionally supported one-to-one mentoring relationship that changes lives for the better, forever. The organization achieves its mission by:
 - providing at-promised youth (Littles) with a friendship that is consistent, ongoing, supportive, educational, safe and fun;
 - supplying mentors (Bigs) with the training, resources and support they need to be effective mentors to at-promised youth; and
 - enhancing the ongoing relationship (Match) between a Big and a Little with enrichment activities and asset-building opportunities that will improve the Little’s chances for success with their family, academics, and future.
- Two evidenced- based models are Community-Based and Site-Based.
 - Community-Based: Traditional model of 1:1 mentoring relationship, the volunteer and child engage in activities for a few hours, 2-4 times per month. Each match plans their own outings filled with shared interests lasting for many youths through their high school graduation.

- Site-Based: Big Brothers Big Sisters will provide one or more of the following Site-Based models that take place at a site supervised by a BBBS staff member.
 - College Bigs: College students matched one-to-one with high school students.

We will continue to provide all support and follow all safety measures as described in the MOU. In addition, all parents are required to sign a virtual communication consent form for students to participate.
