

Suggested Changes to 7000 Series Board Policies and Administrative Regulations			
Number	BP/AR	Title	Suggested Changes
7140	BP/AR	Architectural and Engineering Services	<p>This B/P and A/R were last revised in September 2006. Pursuant to Education Code 17266, when professional design services are used for construction or modernization of school facilities, districts are responsible for the selection of a licensed architect and/or structural engineer for necessary structural engineering and supervision of construction. Article 22 of the California Constitution allows districts to contract with qualified private entities for architectural and engineering services for all public works projects. Sample contracts are available from the American Institute of Architects, California Council. Pursuant to Education Code 17262, the district may purchase sets of plans and specifications provided by the State Allocation Board (SAB) for use in constructing a school building of the type desired by the district.</p>
