AFE Sports is pleased to submit the following synthetic turf grooming maintenance proposal to Hillcrest High School for their football field located at 11800 Indiana Ave. Riverside, CA 92503

Option 1) Bi-Annual Grooming Maintenance for 1 Year Contract: Shall provide 2 maintenance service visits per field over 1 year.

Pricing: \$6,300

Option 2) Annual Grooming Maintenance for 1 year Contract: Shall provide 1 maintenance service visit per field over 1 year.

Pricing: \$3,300

Each Grooming Session Includes the Following:

- 2 grooming technicians
- General sweeping with 8' field contact brush, to remove foreign objects such as dirt, leaves, bird droppings, gum and other debris.
- Deep groom, sweep and rejuvenation to de-compact infill, which levels the infill and maintains appropriate G-Max specifications.
- Overall analysis and inspection of the field and its applicable systems, including fiber wear analysis, ultraviolet degradation, infill depth and consistency, infill migration, field edging attachments, sewn and glued seams, line verification and field inserts (inlays).
- All above items will be detailed in an inspection report provided to the client.
- Field maintenance repairs including base work in depressed area (adhesive failures, inlay separation, and general workmanship) as needed.
- Magnetic run over the entire field to extract any foreign objects.
- Sanitization of field with Turf Fresh which is an organic, biodegradable, non-toxic solution.

Details

- Each grooming maintenance visit takes approximately 7-8 hours.
- Access needed onto the field of 8 ft. width.
- Field is available to use immediately after grooming has been completed and AFE Sports has demobilized the work area.
- Scheduling leadtime of 7-10 days.

Client Choice: (Option 1-Bi-Annual /or/ Option 2-Annual) _____
