Overtime rate is \$165.00 per hour, billed in ¼ hour increments, after 4:00pm on weekdays and on Saturday's 8:00am-5:00pm.

Premium time rate is \$192.50 per hour, billed in ¼ hour increments, after 5:00pm Saturday's, all day Sunday and holidays.

Certified payroll regular rate (prevailing wage) \$162.00 per hour.

Certified payroll overtime rate (prevailing wage) \$243.00 per hour.

(minimum 1 hour labor charge)

** Any installation, service or maintenance that we perform on any equipment that is NOT permanently affixed as an integral part of the buildings/structures is NOT considered a "Public Work" and as such is not covered under the Public Works and prevailing wage laws.*

Subsequently any work RCC performs on attached or affixed equipment to the building or real estate is covered under the Public Works and subject to Prevailing Wage requirements. This would include installation, service or maintenance work of any type on walk-in coolers/freezers, ice machines and any HVAC work.

Work on stand alone reach in coolers/freezers, milk coolers, ice machines would NOT be considered "Public Works". However, in the case where any of this equipment has remote condensing equipment which would be "affixed" to the real estate by way of bolts, fasteners, clamp, water lines and permanent wiring installation, it WOULD be considered to "Public Works" and subject to Prevailing Wage requirements because the remote compressors/condensing equipment is an integral part of this equipment and it is obviously affixed to building or real estate.

You call us 24/7 to assist with your refrigeration and air conditioning/heating needs by contacting us at (951) 371-3000 or email us, accounting@coolrcc.com.
