**RECOMMENDED MOTION:**

Board ratification is requested for an agreement with the Riverside County Office of Education for Central Auditory Processing Disorder (CAPD) Assessment Services for students with special needs for the 21-22 school year.

**RATIONALE:**

The Riverside County Office of Education (RCOE) provides Central Auditory Processing Disorder (CAPD) Assessment Services for students with special needs to evaluate hearing acuity, middle ear function, and a variety of auditory processes. A referral for assessment is made by the District when there is a suspected disability. Services include assessment, a detailed report, attendance at an IEP meeting, and FM trial recommendation and coordination when appropriate. This is an annual agreement with RCOE that is approved at the beginning of each school year in the event students require these services. Fiscal impact recommendation is based upon historical trends in cost per student for services, and the anticipated number of students who will require the assessment for 2021-2022. An estimated three students will receive services at approximately \$1,000.00 per student per year.

Board approval of this item will allow RCOE to provide Central Auditory Processing Disorder (CAPD) Assessment Services for students with special needs to evaluate hearing acuity, middle ear function, and a variety of auditory processes for the 2021-2022 school year.

**FISCAL IMPACT:**
