Subject: Alvord USD Shade and Solar Structures - Revised

Alvord USD Shade and Solar Structures

Collett Elementary School	04-120695	La Sierra HS	04-120775
Arlanza Elementary School	04-120677	Norte Vista HS	04-120774
McAuliffe Elementary School	04-120696	Hillcrest HS	04-120760
Stokoe Elementary School	04 120697	Promenade ES	04-120761
La Granada Elementary School	04-120675	Lake Hills ES	04-120760
Foothill Elementary School	04-120676		

MTGL is proposing to provide Soil and Materials Testing & Inspection services as requested to fulfill contract compliance on call as needed scheduled by the site superintendent. Inspections are provided time and materials basis invoiced in accordance with our basis of charges. Authorized signatures are required for each report and MTGL will seek approval for overtime.

Observation and testing will consist of visual observation for drilling of caissons and compaction testing of trenches. the soil inspector will take field density and moisture tests. Our Geotechnical Engineer Isaac Chun will be available for recommendations if needed. Isaac will prepare the final soil reports consisting of testing logs and certification.

Recognizing our services are directly dependent on the performance of others we will obtain authorization from the client should we need to increase our estimated services. Services will be invoiced in accordance with the fee schedule and basis of charges.

MTGL is a professional service and will not control the means and methods of the contractor. The hours needed will be determined by the need for inspection as defined by the project superintendent for contract conformance.

Inspections are provided periodically as requested by the site superintendent over the course of construction. MTGL is providing a budget of **\$ 83,160.00** for professional services for compaction, concrete, reinforcing, anchors, bolting and welding inspection.

The estimate includes \$ 13,860.00 for lab testing, fabrication, ultrasonics, equipment, administration, and final DSA certifications.

Inspectors will use I-pads, for communications as well as plans and specs for our inspections.

Sincerely,
MTGL, Inc.

Steven Koch
Senior Vice President
