### **Description of Aeries Hosted Services**

Aeries Student Information System proposes to be the Hosted Service Provider for the District.

### **Hardware& Systems Components, Security**

Aeries Software provides all the required hardware, software, and configuration services needed to procure, setup, and manage the components necessary to house and maintain your Aeries data and make it readily available to all stakeholders.

This includes:

- Microsoft SQL Server hardware and software management
- Software Licensing (operating systems, database, certificates, etc.)
- Upgrades/patches – the hardware is maintained at the highest industry standards. Our technical staff is able to respond immediately to any disruption of services and fail-over redundancy is standard. Maintenance is scheduled to have the least possible impact on the District
- Disaster Recovery – in the event of a natural or other type of disaster, your Aeries database can be recovered from off-site backup
- Transport layer security encryption
- Expert administration, management, and maintenance of all hardware in hosted environment.
- DDoS/Intrusion detection and mitigation services.

### **Aeries SQL Database Management**

- Aeries Updates for all Aeries Software
- Backups – full backup nightly, hourly automated back-ups
- Point-in-time data recovery
- Database maintenance
- Errant data correction assistance
- SQL database account and security management (user accounts/roles/permissions/etc.)
- Aeries systems security consulting
- Manage school-based code set consistency
- Industry standard SLA provided

### **Aeries Premium Hosting Services**

The following services and pricing may vary dependent on the District's custom needs within the Aeries Hosted environment. These services are optional and can be purchased in addition to the standard features above.

- Dedicated SQL server with Elevated SQL permissions
- Permissions to administer SQL jobs
- Custom hosted SQL databases for users to integrate data with Aeries SIS database.
- Additional Aeries environment servers
- District developed Aeries customization support
