### NINTH MONTH ENROLLMENTS

The following exhibit presents the ninth month enrollments for the 2018-19 school year. Overall, enrollment is down 273 students over the ninth month last year.

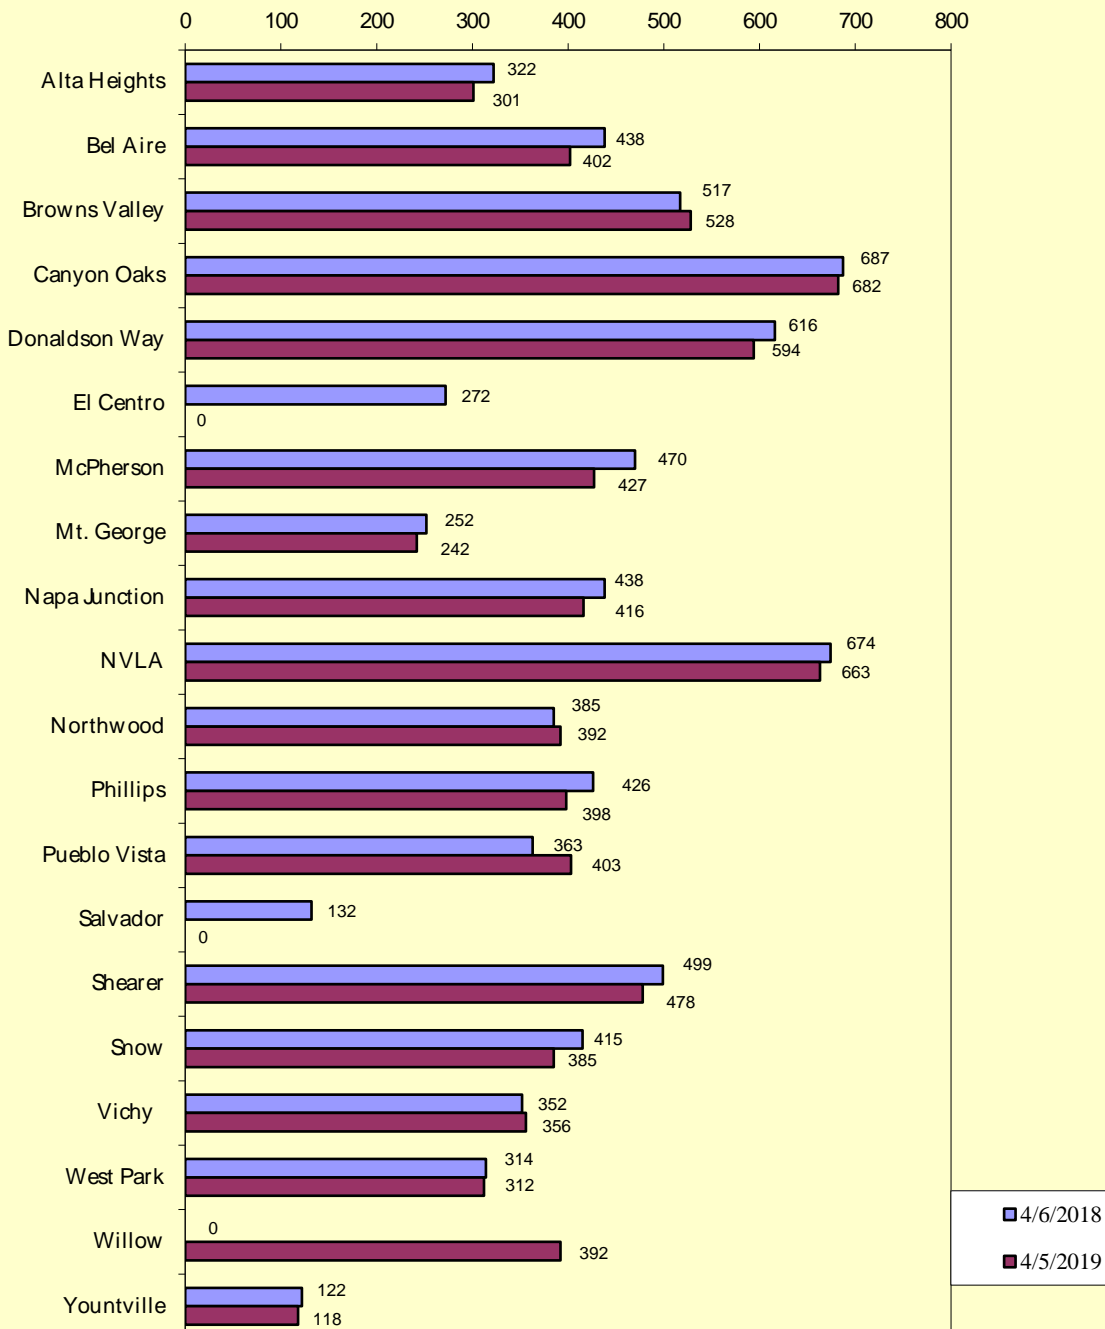

State funding for schools is based on the Revenue Limit multiplied times Average Daily Attendance (ADA). ADA is less than enrollment due to absences that are not eligible for apportionment purposes. State aid for school is calculated on ADA from July 1, through the last school month ending on or before April 15.
