Unless otherwise specified above we Exclude Responsibility for: material delivery &/or off-loading equipment, storing of equipment, removal of packaging accumulated by equipment supplied by others, project security, landscape & hardscape repair based on access route to site, delays or returns due to layout conflicts, missing or damaged components & hardware, locating underground utilities; utilities, pipes, obstructions in work area, conditions unforeseen and/or not disclosed at time of estimate, permits, engineering, material testing, soil samples. Conditions: Grades; stable, compacted, & workable (rough grade to be taken + or - one tenth of one inch), adequate access to work site provided for workmen, materials, tools & equipment. Payment Terms: Material balance due on delivery/installation balance due upon completion of installation. The VSS PC Plans are not to be used as the only construction documents supporting bidding or installation. Additional information is needed to properly install a VSS shelter or cover. For example, field drilling and field cutting of posts may be required by the installer, depending upon the site conditions, pitch and heights used. If customer hires their own installer, said installer needs to be familiar with the field labor requirements and nuances of installing a Valley School Shelters that are not shown in the PC Plans. Installation experience of at least 10 + shelters or walkway covers, or combination thereof, is recommended. NSP3 will not be responsible for additional field work required to erect/install the shelters when NSP3 is not hired to perform the installation.</p>	19,857.00	19,857.00
