City of Napa Water Fee Summary

Napa Valley Unified School District,

This letter confirms the fees to receive water services at the above mentioned project. They may include the following:

1. *Capacity fee* – includes costs for the right to connect to the City water system and is based on the size and type of service(s) requested. *This fee is due now and shall be paid at 1600 First Street, Napa. Contact Eric Vandeburgt in the Public Works Department to arrange payment of the capacity fees.*
2. *Meter set fee* – includes costs for creating the water account(s) and to have the City install water meter(s) at the site (labor and materials). *This fee must be paid prior to scheduling the meter set and shall be paid at 1340 Clay Street, Napa (requires a legal street address and a responsible party for billing purposes).*

Based on the water services indicated on the project plans, the following capacity fees are due. Contact your project engineer in the City of Napa Community Development Department to arrange payment of the capacity fees. Please note that all water fees are subject to change based on actual installation and rates applicable at the time of payment:

Capacity Fees (subject to 2019 Fee Schedule):

|     |                                       |               |
|-----|---------------------------------------|---------------|
| (1) | 3" water services (domestic)          | \$62,207.00   |
| (1) | 2" water service (irrigation)         | \$33,216.00   |
| (1) | Credit for existing 2" domestic water | (\$33,216.00) |

**Total Capacity Fees: \$62,207.00**

Capacity fees shall be paid at time of improvement plan approval, meter set fees shall be paid by separate check at time of installation request.

Meter Set Fees (subject to Current rates at time of installation):

|     |  |            |
|-----|--|------------|
| (1) | 3" water meter installation (domestic)   | \$3,256.00 |
| (1) | 2" water meter installation (irrigation) | \$1,395.00 |

**Total Meter Set Fees:                      \$4,651.00**

If you have any questions regarding any water fees or the process to obtain water service for your project, please contact our office at (707) 257-9521 and someone can assist you.
