**ITEM DESCRIPTION/BACKGROUND INCLUDING INFORMATION IMPACTING STUDENTS, PERSONNEL, PROGRAMS,
FISCAL OR OTHER AREAS:**

Education Code (EC) and Title 5 Regulations (T5) provide local employing agencies (LEAs) with teacher assignment options that are available when an LEA is unable to assign a certificated employee with the appropriate credential. These options, known as Local Assignment Options (LAOs), allow flexibility at the local level at the discretion of the LEA. Local Assignment Options require teacher consent and Board approval.

For the majority of our middle school teachers who hold a multiple subject teaching credential, they are compliant for the subject areas assigned, however, the assignment settings that are authorized on a multiple subject teaching credential are self-contained or middle school core. Middle schools that are now on a block schedule do not meet the definition of middle school core.

These Local Assignment Options provide the schools the flexibility to provide sections and in some cases, courses to the meet the needs of students.

Submitted for review are the assignments for elementary, middle school, and high teachers, whose credentials do not authorize one or more periods they are teaching. Resolution 20-18
