

CALIFORNIA DEPARTMENT OF EDUCATION
REQUEST FOR ALLOWANCE OF ATTENDANCE DUE TO EMERGENCY CONDITIONS
 FORM J-13A, REVISED DECEMBER 2017

SECTION A: REQUEST INFORMATION

- This form is used to obtain approval of attendance and instructional time credit pursuant to *Education Code (EC)* sections 41422, 46200, 46391, 46392 and *California Code of Regulations (CCR)*, Title 5, Section 428.
- Only schools that report Principal Apportionment average daily attendance (ADA) for the purpose of calculating a K-12 Local Control Funding Formula (LCFF) entitlement should submit this form.
- Refer to the instructions and frequently asked questions at <https://www.cde.ca.gov/ta/ta/pa/pa13a.asp> for information regarding the completion of this form.

PART I: LOCAL EDUCATIONAL AGENCY (LEA)

LEA NAME: Napa Valley Unified School District		COUNTY CODE: 28	DISTRICT CODE: 66266	CHARTER NUMBER (IF APPLICABLE):
LEA SUPERINTENDENT OR ADMINISTRATOR NAME: Rosanna Mucetti		FISCAL YEAR: 2019/2020		
ADDRESS: 2425 Jefferson Street		COUNTY NAME: Napa		
CITY: Napa	STATE: CA	ZIP CODE: 94558		
CONTACT NAME: Suzanne Trudelle	TITLE: Attendance Account Tech.	PHONE: (707) 253-3529	E-MAIL: strudelle@nvusd.org	

PART II: LEA TYPE AND SCHOOL SITE INFORMATION APPLICABLE TO THIS REQUEST (Choose only one LEA type):

<input checked="" type="checkbox"/> SCHOOL DISTRICT Choose one of the following: <input checked="" type="checkbox"/> All district school sites <input type="checkbox"/> Select district school sites	<input type="checkbox"/> COUNTY OFFICE OF EDUCATION (COE) Choose one of the following: <input type="checkbox"/> All COE school sites <input type="checkbox"/> Select COE school sites	<input type="checkbox"/> CHARTER SCHOOL
--	---	--

PART III: CONDITION(S) APPLICABLE TO THIS REQUEST:

<input checked="" type="checkbox"/> SCHOOL CLOSURE: When one or more schools were closed because of conditions described in EC Section 41422. LCFF apportionments should be maintained and instructional time credited in Section B for the school(s) without regard to the fact that the school(s) were closed on the dates listed, due to the nature of the emergency. Approval of this request authorizes the LEA to disregard these days in the computation of ADA (per EC Section 41422) without applicable penalty and obtain credit for instructional time for the days and the instructional minutes that would have been regularly offered on those days pursuant to EC Section 46200, et seq. <input type="checkbox"/> There was a Declaration of a State of Emergency by the Governor of California during the dates associated with this request.	<input type="checkbox"/> MATERIAL DECREASE: When one or more schools were kept open but experienced a material decrease in attendance pursuant to EC Section 46392 and CCR, Title 5, Section 428. Material decrease requests that include all school sites within the school district must demonstrate that the school district as a whole experienced a material decrease in attendance. Material decrease requests for one or more but not all sites within the school district must show that each site included in the request experienced a material decrease in attendance pursuant to EC Section 46392 and CCR, Title 5, Section 428. The request for substitution of estimated days of attendance for actual days of attendance is in accordance with the provisions of EC Section 46392. Approval of this request will authorize use of the estimated days of attendance in the computation of LCFF apportionments for the described school(s) and dates in Section C during which school attendance was materially decreased due to the nature of the emergency. <input type="checkbox"/> There was a Declaration of a State of Emergency by the Governor of California during the dates associated with this request.	<input type="checkbox"/> LOST OR DESTROYED ATTENDANCE RECORDS: When attendance records have been lost or destroyed as described in EC Section 46391. Requesting the use of estimated attendance in lieu of attendance that cannot be verified due to the loss or destruction of attendance records. This request is made pursuant to EC Section 46391: <i>"Whenever any attendance records of any district have been lost or destroyed, making it impossible for an accurate report on average daily attendance for the district for any fiscal year to be rendered, which fact shall be shown to the satisfaction of the Superintendent of Public Instruction by the affidavits of the members of the governing board of the district and the county superintendent of schools, the Superintendent of Public Instruction shall estimate the average daily attendance of such district. The estimated average daily attendance shall be deemed to be the actual average daily attendance for that fiscal year for the making of apportionments to the school district from the State School Fund."</i>

SAN FRANCISCO (CBS SF) – Pacific Gas & Electric Co. announced Monday that widespread dry winds forecast for midweek will prompt power shutoffs in Napa, parts of the East Bay and potentially in portions of 30 counties the utility serves.

The utility confirmed Monday afternoon that it plans to begin shutting off power in Napa County beginning early Wednesday morning due to “potentially widespread, strong and dry wind event” that is forecast through Thursday afternoon. The shutoff may extend for five days or longer.

LINK: Napa County Areas That May Be Impacted By Power Shutoff

Napa, Calistoga and St. Helena are among the North Bay towns that will be impacted by the shutdown.

"We are only taking these steps if it's absolutely necessary to protect the safety of our customers," said PG&E spokesperson Melissa Subbotin

PG&E will also shut off power in Moraga, Orinda and Lafayette in the East Bay at 12:01 a.m. Wednesday if there are no changes to the weather forecast. The shutoff will affect approximately 21,421 customers in the area until at least Thursday afternoon.

Also in Contra Costa County, the town of Danville will have power shut off on Wednesday.

Rohnert Park also wants residents to know that PG&E may proactively turn off power in the town for safety. The utility issued a safety alert at around 2:15 p.m. Some winds are forecast to be over 50 mph. Retired attorney Eileen McGee was not happy about the announcement.

"They didn't do the maintenance work all these years we thought they were and they were being paid to do it!" said McGee. "And now, they're putting patches on as the winds come. I mean, it's criminal."

California's Disastrous Wildfires Pale In Comparison To Australia's Catastrophic Fires

20 Stolen Oakland Scooters Tracked by GPS to Suspect's RV Near Stockton

Jenny Moore lives nearby and isn't so sure if the potential outage will happen.

"I don't think they'll do it. Honestly, they said they were going to do it before and they didn't and it was hotter," said Moore.

A lot of Rohnert Park residents told KPIX 5 they were not sure what they would do if the power is shut down. PG&E says the decisions of where to cut power will be made on a case by case basis.

A Fire Weather Watch has also been declared by the National Weather Service for vast portions of Northern California midweek.

“Due to the forecasted extreme weather conditions, PG&E is considering proactively turning off power for safety, and implementing a Public Safety Power Shutoff, across portions of approximately 30 northern, central, coastal and Bay Area counties,” the utility said.

In other parts of the Bay Area, customers in Alameda, Contra Costa, San Mateo, Santa Clara, Solano and Sonoma counties could be impacted.

MAP: PG&E Public Safety Power Shutoff Area Map

For the first time, Contra Costa County is on the list of potential public safety power shutoffs. The concern is the thick, tangled canopy of trees and power lines in the area of Lafayette, Moraga and Orinda and the narrow roads filled with homes beneath it

Residents in the area started getting alerts from PG&E Monday afternoon about potential power shutoffs.

“I’m not very happy about it and I think it’s over precaution on their part,” Lafayette resident Lewis Giles told KPIX 5.

BART said it has been working with PG&E and the transit agency doesn’t expect the power shutoffs to impact train or station service. But PSPS impacts are expected around Rockridge, Orinda, Lafayette, Castro Valley, West Dublin and Dublin stations.

SFBART
@SFBART

Riders are asking us how BART service will be impacted if @PGE4Me shuts off power in the Bay Area to prevent forest fires.

Due to new power redundancies, we expect no disruption to train or station service if power is shut off. We have been working with PG&E in preparation. [twitter.com/SFBART/status/...](https://twitter.com/SFBART/status/1171111111)

SFBART @SFBART

It's wildfire season, Bay Area. PG&E this year may turn off electricity in designated areas to reduce fire threats, called Public Safety Power Shutoffs. (PSPS)

BART expects no disruption to train or station service to any PSPS disruption due to new enhanced power redundancies.

145 people are talking about this

San Mateo County officials also issued information about possible impacts to residents. Along the coast, North Moss Beach, El Granada and Half Moon Bay to the Santa Cruz border including Pescadero could be affected.

In the foothills region mostly west of 280, Portola Valley, Woodside and the surrounding unincorporated area could see power shutdowns.

"I don't know what people will do. Five days? Restaurants, businesses...just so PG&E doesn't get sued," said Cindy Graham of Half Moon Bay.

San Mateo County supervisor David Canepa says PG&E gave the county too little notice and did not discuss other solutions beyond a unilateral forced blackout.

"They really need to invest and make sure they find solutions around equipment. Instead of putting people in the dark for five days," Canepa said.

The County of San Mateo will provide public updates via its social media platforms and SMC Alert system. Residents can register at www.smcalert.info. Individual cities impacted may also provide updates specific to that jurisdiction.

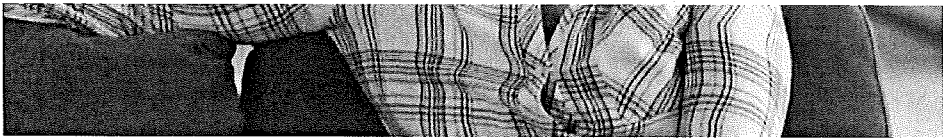

PG&E urges customers to update their contact information with the utility either online at <http://pge.com/mywildfirealerts> or by calling 1-866-743-6589 to receive alerts about power shutoffs. Customers can also check the utility's website page for information on public safety power shutoff events.

Customers are also urged to plan for medical needs, find backup ways to charge devices, restock emergency kits and to keep tabs on the elderly, children and pets.

Don Ford, Andria Borba, Christin Ayers and Joe Vazquez contributed to this report.

BREAKING

Fire Season

Napa County's PG&E customers told to brace for more power shutdowns this weekend

COURTNEY TEAGUE cteague@napanews.com

Oct 25, 2019

A locked door and a sad face greeted the few people passing by a south Napa store that went dark during the early October power shutoff. More shutoffs are forecast for this weekend.

Howard Yune, Register file photo

All but 500 Napa County residents who lost power Wednesday have been restored, but another shutdown is in the offing for this weekend, the county said Friday morning.

All 7,000 local Pacific Gas and Electric customers who lost power Wednesday ahead of strong winds should have their lights turned back by Friday evening, PG&E said.

But PG&E is predicting more safety shutoffs Saturday as what could be the strongest offshore winds to strike Northern California in years hit the area. The winds will likely start Saturday night and continue into Monday, said Scott Strenfel, PG&E's chief meteorologist, during a Thursday evening press conference.

Napa County's fire weather watch was converted into a red flag warning Friday afternoon. Weather conditions conducive to the spread of wildfire will exist from 8 p.m. Saturday to 11 a.m. Monday.

"The forecast models put this on par, strength wise, with the 2017 offshore event that resulted in the deadly and devastating North Bay/Wine Country Fires," the National Weather Service said early Friday morning.

The North Bay is among several PG&E service regions expected to lose power in a shutoff similar in scope to the Oct. 9 incident that left an estimated 2 million Californians and three-quarters of Napa County in the dark.

Higher elevations are expected to see wind gusts from 40 to 60 mph, with peak gusts at 70 to 80 mph or higher, Strenfel said. Such winds are estimated to come once in 15 years.

Unlike the last major round of PG&E shutoffs, it appears that nearly all of the City of Napa — including the south Napa businesses that were hit hard on Oct. 9 — will be spared, according to an approximate outage map for Napa County. The Coombsville, East Imola and western fringe of Napa might lose power.

Per usual, lights will remain on in American Canyon. It also appears that the Yountville and Veterans Home areas will keep power.

It appears that the Upvalley and more rural swaths of the county, however, will be impacted.

To see whether your address could be affected, visit pge.com/eventmaps.

Windy, warm weather ahead

Napa County is among several others in the San Francisco Bay Area under a red flag warning and high wind watch from Saturday evening through Monday morning. These warnings entail low humidity levels and potentially damaging winds that could blow down trees and power lines.

The highest wind gusts at up to 80 mph are expected in the North and East Bay Mountains, the National Weather Service forecast.

Winds of roughly 45 to 50 mph are expected to first develop in Napa County late Saturday night and spread south and west into Sunday morning, the National Weather Service forecast. Winds are expected to peak early Sunday morning in the higher peaks of the North Bay.

Humidity levels will plummet, NWS said, and fire-fighting efforts would be very difficult.

Courtney can be reached at 707-256-2221. Follow her Twitter and Facebook accounts, @courtneynteague, for more on her reporting.

Fire safety & preparedness tips

- Check to see if your address is affected by possible shut-offs at pge.com/eventmaps.
- For updates and more tips, visit readynapacounty.org
- Keep a flashlight and emergency supplies handy
- Do you live in a high-fire risk area? Be ready to open your garage door manually if needed, leave electric gates open, make sure vehicles are fueled and backed into the driveway, and have a 'go bag' next to the door
- Don't mow or trim dry grass on windy days
- Don't pull your car over in dry grass
- Extinguish legal campfires completely
- Target shoot in approved areas with lead ammunition, and never at metal objects
- Report suspicious activities

- Check the fuse box to see if there is a blown fuse or tripped circuit breaker. If a fuse or circuit breaker need to be replaced, turn off or unplug all large appliances
