**Hi Virginia. The only rate sheet I have is for the City of Riverside. For Alvord I basically just had to guess an amount I thought for the year we could keep under.**

**Here are the City labor rates.**

**Qty 5—19 = \$45.00 per banner**  
**Qty 20-39 = \$42.50 per banner**  
**Qty 40-59 = \$40.00 per banner**  
**Qty 60+ = \$38.00 per banner**

**If it's just one banner it is typically \$65.00, or two banners it would total \$95.00.**

Eric,  
We have several banners that the schools are calling me about that are ready to fall off the posts.  
I'd like to send you an open purchase order for maintenance through the end of June and so that it includes the invoice that Caryn sent me.  
I just need a rate sheet so that I can get the agreement going. Are you able to provide one for me?

Best,

*Virginia Carrillo*
