EDUCATION CODE SECTION 42600-42603

42600. The total amount budgeted as the proposed expenditure of the school district for each major classification of school district expenditures listed in the school district budget forms prescribed by the Superintendent of Public Instruction shall be the maximum amount which may be expended for that classification of expenditures for the school year. Transfers may be made from the designated fund balance or the unappropriated fund balance to any expenditure classification or between expenditure classifications at any time by written resolution of the board of education of any school district governed by a board of education, when filed with the county superintendent of schools and the county auditor, or by written resolution of the board of trustees of any school district not governed by a board of education, when approved by the county superintendent of schools and filed with the county auditor. A resolution providing for the transfers specified in this section shall be approved by a majority vote of the members of the governing board. Nothing in this section shall be construed as affecting Sections 42204 and 85112.

42601. At the close of any school year a school district may, with the approval of the governing board, identify and request the county superintendent of schools to make the transfers between the designated fund balance or the unappropriated fund balance and any expenditure classification or classifications, or balance any expenditure classifications of the budget of the district for that school year as necessary to permit the payment of obligations of the district incurred during that school year. For each elementary, high school, and unified school district that, during the preceding school year, had an average daily attendance less than the level, as appropriate, specified in subdivision (a) of Section 41301, the county superintendent of schools, with the consent of the governing board of the school district, may identify and make the transfers, and shall so notify the districts.

42602. Notwithstanding the provisions of Sections 42600 and 42610 or any provision of this code to the contrary, the governing board of any school district may, by a majority vote of its membership, and with the approval of the county superintendent of schools, budget and use any unbudgeted income provided during the fiscal year from any source.
