Mr. Fulton thanked to Board for not giving into political pressure and all of LNSD personnel working together.

Jose Martin Duran, President of the California School Employees Association (CSEA) stated the bottom-line is health and safety of students and staff. His concerns are students mingling, ventilation system, and the need for all to be vaccinated. He thanked the Board for considering safety first.

Members of the Board thanked Superintendent Vasquez, his Administrators, principals, teachers, and classified staff for all there efforts. They added that we all have the staff and students' best interests at heart and that the LNSD community trusts us.
