## Introduction

It is the policy of the Alvord Unified School District Board of Education that all students enrolled in this District, and all employees employed by this District, have the right to attend campuses, which are safe and secure.

The Board believes that a beginning step toward safer schools is the development of a comprehensive safety plan for school safety by every school within the District. The Board intends that parents, students, teachers, administrators, counselors, classified personnel, and community agencies develop safe school plans, including local law enforcement and other first responder entities, and approved by the Board.

In order for the development of an effective Comprehensive School Safety Plan, the plan should address the needs of the school and students and consider three essential components (California Education Code §35294.21):

1. Assuring each student has a safe physical environment;
2. Assuring each student has a safe respectful, accepting, and emotionally nurturing environment; and
3. Developing each student's resiliency skills.

The School Site Safety Committee will review these safe school plans on an annual basis and proposed changes will be submitted to DTS by December 2021, approved by the School Site Council by January 2022, and submitted to the Board for approval by March 1, 2022.

The Comprehensive School Safety Plan is designed to be utilized as a school resource for prevention/mitigation, preparedness, response and recovery planning and training as well as functioning as a template for meeting the requirements for the annual Safety Plan Process under AB 1747 and the National Incident Management System. It is designed to be an electronic or hard-copy Safety Plan.

The document is designed as a living document to be updated as necessary to meet site, district and community needs, forms, or requirements.

**This document is NOT intended to be a “grab and go” guide in an actual emergency.**

## Continuity of Operations (COOP)

The U.S. Department of Education views a COOP as a program that ensures continued performance of essential functions across a full range of potential emergencies be they natural or man-made when a significant interruption of educational services occurs following a severe disaster or tragedy.

A COOP provides guidance and establishes responsibilities and procedures to ensure that essential functions are maintained. COOP is not the same as an Emergency Operations Plan or a Recovery Plan, but rather supplements it, in the event normal facility or human resources are not available.

A COOP provides a continuity infrastructure that through careful planning ensures:

- ☐ Emergency delegation of authority and an orderly line of succession, as necessary
- ☐ Safekeeping of essential personnel, resources, facilities, and vital records
- ☐ Emergency acquisition of resources necessary for business resumption
- ☐ The capability to perform critical functions remotely until resumption of normal operations

A school district's COOP plan should allow for its implementation anytime, with or without warning, during normal or after hours operations; provides full operational capability for essential functions no later than 12 hours after activation; and sustain essential functions for up to 30 days.

The purpose of these Continuity of Operations (COOP) procedures is to ensure that there are procedures in place to maintain or rapidly resume essential operations within the school after an incident that results in disruption or normal activities or services to the school. Failure to maintain these critical services would significantly affect the education and/or service mission of the school in an adverse way.

**Scope:** It is the responsibility of Alvord Unified School District officials to protect students and staff from incidents and restore critical operations as soon as it is safe to do so. This responsibility involves identifying and mitigating hazards, preparing for and responding to incidents, and managing recovery.

The COOP procedures outline actions needed to maintain and/or rapidly resume essential academic business, and physical services when interrupted for an extended period of time following an incident.

**Responsibilities:** The delegation of authority and management responsibilities in the event of an incident follow the hierarchy outline in the Alvord Organizational Chart. Designate staff/faculty, in conjunction with the affected principal(s) and staff, will perform the essential functions as follows:

- ☐ **Superintendent / Principal**
  - Determine when to close schools, and/or send students/staff to alternate locations
  - Disseminate information internally to students and staff
  - Communicate with parents, media, and the larger school community
  - Identify a line of succession, including who is responsible for restoring which business functions for schools
- ☐ **Assistant Superintendent of Educational Services; Assistant Superintendent of Human Resources; Chief Business Officer**
  - Ensure systems are in place for rapid contract execution after an incident
  - Identify relocation areas for classrooms and administrative operations
  - Create a system for registering students (out of district or into alternative school)
  - Brief and train staff regarding their additional responsibilities
  - Secure and provide needed personnel, equipment and supplies, facilities, resources, and services required for continued operations
  - Identify strategies to continue teaching (e.g., using the Internet, providing tutors for homebound students, rearranging tests)

- Re-evaluate the curriculum, materials and instructional delivery methods as needed
- ☐ **Executive Director of Administrative Services; Operations Manager; Maintenance Manager**
  - Work with local and state government officials to determine when it is safe for students and staff to return to the school buildings and grounds
  - Manage the restoration of school buildings and grounds (e.g., debris removal, repairing, repainting, and/or landscaping)
  - Collaborate with private and public sector service providers and contractors
- ☐ **Business Services; Fiscal Services; School Secretary, School Office Staff**
  - Maintain inventory
  - Maintain essential records (and copies of records) including school's insurance policy
  - Ensure redundancy of records is kept at a different physical location
  - Secure classroom equipment, books, and materials in advance
  - Restore administrative and recordkeeping functions such as payroll, accounting and records
  - Retrieve, collect, and maintain personnel data
  - Provide accounts payable and cash management services
- ☐ **Counselors; School Psychologists; School Nurses and Health Assistants**
  - Establish necessary support services for student and staff/faculty
  - Implement additional response and recovery activities according to establish protocols
  - Collaborate with public and private providers
- ☐ **Food Service / Cafeteria Worker**
  - Determine how food services will resume
  - Support staff and volunteers as possible
- ☐ **Transportation (contracted through First Student)**
  - Provide emergency transportation services as needed
  - Assess and implement alternative transportation services that may be necessitated

## Guidelines for Plan Development

Pursuant to California Education Code §35294 and Alvord Unified School District BP 0450, this document is designed to ensure compliance with the requirements of AB 1747. This Comprehensive School Safety Plan shall identify strategies and programs that will maintain a high level of school safety and address the schools' safety procedures and is required to contain the following elements:

- ☐ Assessment of school crime committed on school site/campus and at school-related functions (California Education Code §32282). The assessment may include
  - Data from California Healthy Kids Survey
  - Data on school suspensions, expulsions, and crime rates
  - Students, parents, and staff perceptions of school safety
- ☐ Child Abuse reporting procedures
- ☐ Policies pursuant to California Education Code §48915(c) and other school-designated serious acts which would lead to suspension, expulsion, or mandatory expulsion recommendations
- ☐ Procedures to notify teachers and counselors of dangerous students
- ☐ Campus safety, including:
  - Weapons on campus
  - Campus visitors
  - COVID-19 considerations
- ☐ School discipline policies and procedures to prevent bullying, hazing, hate crime, and cyberbullying – including behavioral expectations and consequences
- ☐ Policy prohibiting discrimination, intimidation, sexual harassment, other harassment, and bullying (California Education Code §200.2624)
- ☐ School wide dress code policy
- ☐ Drug free school expectations
- ☐ Parent involvement strategies to support and reinforce school rules
- ☐ Collaborative relationships with organizations to prevent violence and crime
- ☐ Crisis prevention and intervention strategies, identify possible crises that may occur and determine tasks that need to be addressed, including:
- ☐ Routine and emergency disaster procedures including natural disasters such as earthquakes, human created disasters such as active shooter, or power outages. In addition, the following must be addressed:
  - Procedures for students with disabilities
  - Procedures for public agency use of facilities in the event of a disaster or emergency
  - Development of the site/campus evacuation plan, including opportunities for students and staff to practice the evacuation
- ☐ Procedures for safe ingress and egress of students, parents/visitors, and employees to and from school
- ☐ Procedures for responding to the release of hazardous substances on or near the site/campus

In the development of this Comprehensive School Safety Plan, the Safety Planning Committee shall be composed of:

- ☐ Principal or designee
- ☐ One teacher
- ☐ One classified employee
- ☐ One parent/guardian
- ☐ Other members as desired

In addition, the Committee shall consult with law enforcement and other local emergency providers in the development of the plan. The Committee shall provide a public meeting at the school site to allow members of the public to express an opinion of the plan (California Education Code §32288). Certain elements that are not designed for public knowledge or might be deemed detrimental to safety plans may be omitted from public review.

Existing law requires the School Site Council to consult with a representative from a law enforcement agency, the fire department, and other first responder entities in the writing and development of the comprehensive school safety plan and requires the comprehensive school safety plan and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The School Site Council or Safety Committee shall notify in writing, if available, the following persons and entities of a public meeting for comment on the plan (California Education Code §32288):

- ☐ A campus representative for CSEA
- ☐ A campus representative for AEA
- ☐ A representative from each parent organization at the school site
- ☐ A student body government representative, if applicable
- ☐ Any individual who has requested notification

Such strategies and assessments will ensure that a safe and orderly environment, conducive to learning is maintained. Such strategies will also ensure compliance with existing laws related to school safety. This plan outlines several elements critical to maintaining a safe school environment.

## School Safety Committee

Every school campus should have an active School Site Safety Committee as directed by California Education Code and California School Boards Association policy. An active committee is crucial to ensuring a relevant and consistent safety education and emergency readiness training program on a campus. An effective School Site Safety Committee will see to it that emergency preparedness and school site safety does not slip through the cracks amid the everyday urgencies that arise daily on a school campus.

The School Site Council is responsible for developing the school site safety plan or for delegating the responsibility to a School Safety Committee. (California Education Code §35294.1)

The School Site Safety Committee shall be composed of the following members:

- ☐ Principal or designee,
- ☐ One teacher who is a representative of the recognized certificated employee organization;
- ☐ One classified employee who is a representative of the recognized classified employee organization;
- ☐ One parent/guardian whose child attends the school;
- ☐ Other members if desired. (California Education Code §35294.1)

Other members of the school or community may provide valuable insights as members of the School Safety Committee. Additional members may include:

- ☐ Local law enforcement (California Education Code §39294.1)
- ☐ Other local agencies, such as health care and emergency services, may be consulted if desired. (California Education Code §39294.2)
- ☐ Guidance counselor
- ☐ Special Education Department Chairperson
- ☐ One or more key community service providers
- ☐ Student representative(s)
- ☐ Disciplinary team member
- ☐ Staff leaders
- ☐ Additional parent representatives

## School Crime Assessment

The School Safety Committee shall make an assessment of the current status of school crime committed on campus and at school-related functions and of appropriate strategies and programs that will provide or maintain a high level of school safety. (California Education Code §35924.2)

**Based on data analysis**, the School Safety Committee identifies potential challenges in order to create an effective Comprehensive School Safety Plan. The objective is to provide meaningful data in order to improve the campus safety climate.

Provide a narrative or summary statement explaining the assessment of the current status in regards to student behavior referrals, attendance rates/SARB data, and student suspensions and expulsions on the school campus and at school-related functions.

### **Student Behavior Referrals:**

Arizona Middle School has instituted the PBIS Model (Positive Behavior Interventions and Supports) this school year and has seen a large reduction in the frequency of student behavior referrals. PBIS is a proactive approach in which practices and systems are established and students are reminded of those practices in order to prevent unwanted behaviors.

### **Attendance Rates / SART Data / SARB Data:**

Students worked remotely during half of the 2019-2020 school year & continued to work remotely a majority of 2020-2021 School Year. Working remotely made it difficult to compare attendance rates from previous school years. However, prior to school closures, Arizona's 2019 Chronic Absenteeism Dashboard shows that 12.1% of all students were Chronically Absent from school, which was maintained from the previous year. Arizona Administration has created student incentives to increase attendance and has held SART Meetings to work closely with identified Chronically Absent students and their families to create a plan to support them to increase attendance. In cases in which student attendance rates do not improve after SART Meetings, SARB Meetings are held with the District to create a District-Wide Plan to support the students and families to increase attendance.

### **Suspension and Expulsion Data:**

Students worked remotely during half of the 2019-2020 school year & continued to work remotely a majority of 2020-2021 School Year. Working remotely made it difficult to compare suspension/expulsion rates from previous school years. However, prior to school closures, Arizona's 2019 Suspension Dashboard shows that 5.5% of students were suspended at least once during the school year, which was a decrease of 2.6% from the previous school year. Additionally, the Arizona Expulsion rate has decreased each of the previous 3 years.

### **Student, Parent, Staff Perceptions / California Health Kids Survey Information:**

The California Healthy Kids Survey (CHKS), the California School Parent Survey (CSPS), and the California School Staff Survey (CSSS) were administered to students, parents, and staff in the 2020-2021 school year. The CHKS, CSPS, and CSSS surveys provide key data on school climate and safety, learning supports and barriers, stakeholder engagement, and youth development, health, and well-being.

The results from the survey that was administered to the students (California Health Kids Survey) show that students feel safe at Arizona Middle School. Students reported feeling very safe on campus and a vast majority of students reported never being bullied on campus or being afraid of being while on campus. Additionally, almost all students surveyed responded that 0 times have they been in a fight, been offered drugs, and/or witnessed anyone with a weapon. The survey results also reported that students feel that adults on campus care about them, set high expectations for them, they feel connected to the school, and are academically motivated.

The results from the California School Parent Survey show that parents feel welcomed at the school and they feel like the school encourages parents to be active partners in educating their child. Parents also reported being well informed on their student's academic progress and being provided information about how to help their students with homework. Finally, the survey results also indicated that parents feel like teachers go out of their way to help students, the school has adults that care about students, and the school sets high expectations for all students.

The results from the California School Staff Survey show that the staff views the school as a supportive and inviting place to learn, promotes academic success for all students, and the school motivates students to learn. Additionally, the staff reported that the school sets high expectations, wants every student to do their best, and believes that every student can be a success.

**Other Assessment Data:**

The PBIS Model includes teaching and modeling behavior expectations which are reviewed in classes on a daily basis. A new behavior expectation is introduced to the students each week and then discussed in class and modeled multiple times throughout the week. These behavior expectations have led to a decrease in the frequency of student behavior referrals.

## Child Abuse Reporting and Prevention

### A. Definition of Child Abuse (California Penal Codes §§11165.5, 11165.6)

Child abuse means a physical injury or death that is inflicted by other than accidental means on a child by another person. Child abuse also means the sexual abuse of a child, including sexual assault or sexual exploitation (California Penal Code §11165.1), or any act or omission pertaining to child abuse reporting laws (willful cruelty, unjustifiable punishment of a child, unlawful corporal punishment or injury). Child abuse also means the physical or emotional neglect of a child or abuse in out-of-home care.

### B. Mandated Child Abuse Reporting

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; administrators, and directors; administrators and employees of a licensed child day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; administrators, counselors; athletic coaches, athletic administrators and directors employed by any public or private school that provides any combination of instruction for kindergarten, or grades 1 to 12, inclusive. (California Penal Code §11165.7)

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on their training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (California Penal Code §11166)

### C. Reportable Offenses

A mandated reporter shall make a report using the procedures provided below whenever, in their professional capacity or within the scope of their employment, they have knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (California Penal Code §11166)

Any mandated reporter who has knowledge of or who reasonably suspects that a child is suffering serious emotional damage or is at a substantial risk of suffering serious emotional damage, based on evidence of severe anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, may make a report to the appropriate agency. (California Penal Codes §§11166.05, 11167)

Any district employee who reasonably believes that they have observed the commission of a murder, rape, or lewd or lascivious act by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury against a victim who is a child under age 14 shall notify a peace officer. (California Penal Codes §§152.3, 288)

### D. Responsibility for Reporting

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (California Penal Code §11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (California Penal Code §11166)

### E. Reporting Procedures

(California Penal Codes §§11166, 11168)

The Department of Justice form may be obtained from the district office or other appropriate agencies, such as the county probation or welfare department or the police or sheriff's department.

The mandated reporter may give to an investigator from an agency investigating the case, including a licensing agency, any information relevant to an incident of child abuse or neglect or to a report made for serious emotional damage pursuant to California Penal Code §11166.05. (California Penal Code §11167)

## **3. Internal Reporting**

The mandated reporter shall not be required to disclose their identity to their supervisor, the principal, or the Superintendent or designee. (California Penal Code §11166)

However, employees reporting child abuse or neglect to an appropriate agency are encouraged, but not required, to notify the principal as soon as possible after the initial telephone report to the appropriate agency. When so notified, the principal shall inform the Superintendent or designee.

The principal so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy, and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing the necessary forms.

Reporting the information to an employer, supervisor, principal, school counselor, co-worker, or other person shall not be a substitute for making a mandated report to the appropriate agency. (California Penal Code §11166)

#### **F. Training**

Within the first six weeks of each school year, the Superintendent or designee shall provide training on mandated reporting requirements to district employees and persons working on their behalf who are mandated reporters. Any school personnel hired during the school year shall receive such training within the first six weeks of employment. (California Education Code §44691; California Penal Code §11165.7)

The Superintendent or designee shall use the online training module provided by the California Department of Social Services. (California Education Code §44691)

The training shall include, but not necessarily be limited to, training in identification and reporting of child abuse and neglect. In addition, the training shall include information that failure to report an incident of known or reasonably suspected child abuse or neglect as required by law is a misdemeanor punishable by imprisonment and/or a fine as specified. (California Education Code §44691; California Penal Code §11165.7)

The Superintendent or designee shall obtain and retain proof of each mandated reporter's completion of the training. (California Education Code §44691)

#### **G. Parent / Guardian Complaints**

Upon request, the Superintendent or designee shall provide parents/guardians with a copy of this administrative regulation which contains procedures for reporting suspected child abuse occurring at a school site to appropriate agencies. For parents/guardians whose primary language is not English, such procedures shall be in their primary language and, when communicating orally regarding those procedures, an interpreter shall be provided.

To file a complaint against a district employee or other person suspected of child abuse or neglect at a school site, parents/guardians may file a report by telephone, in person, or in writing with any appropriate agency identified above under "Reporting Procedures." If a parent/guardian makes a complaint about an employee to any other employee, the employee receiving the information shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency. The employee also is obligated pursuant to California Penal Code §11166 to file a report themselves using the procedures described above for mandated reporters.

In addition, if the child is enrolled in Special Education, a separate complaint may be filed with the California Department of Education pursuant to 5 CCR 4650.

#### **H. Notifications**

The Superintendent or designee shall provide to all new employees who are mandated reporters a statement that informs them of their status as mandated reporters, their reporting obligations under California Penal Code §11166, and their confidentiality rights under California Penal Code §11167. Before beginning employment, any person who will be a mandated reporter by virtue of their position shall sign a statement indicating that they have knowledge of the reporting obligations under California Penal Code §11166 and will comply with those provisions. The signed statement shall be retained by the Superintendent or designee. (California Penal Code §11166.5)

The Superintendent or designee also shall notify all employees that:

1. Any other person making a report shall not incur civil or criminal liability unless it can be proven that they knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report.
2. If a mandated reporter fails to timely report an incident of known or reasonably suspected child abuse or neglect, they may be guilty of a crime punishable by a fine and/or imprisonment.
3. No employee shall be subject to any sanction by the district for making a report unless it can be shown that they knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report. (California Penal Code §11166)
4. Failure to report known or reasonable suspicion of child abuse, including sexual abuse, is a misdemeanor.

#### **Removal from Class by a Teacher and Parental Attendance**

A teacher may remove a student from their class for the remainder of the day and the following day only for acts specified in California Education Code §48900 and listed under "Grounds for Suspension and Expulsion" above. When removing a student from their class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, they shall be appropriately supervised during the class periods from which they have been removed. As soon as possible after the teacher decides to remove the student, they shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if either the parent/guardian or teacher so requests. A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal or designee. A student removed from class shall not be placed in another regular class during the period of removal. However, a student assigned to more than one class per day may continue to attend other regular classes except those held at the same time as the class from which they were removed. The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (California Education Code §48913)

Pursuant to Board policy, a teacher may require the parent/guardian of a student whom the teacher has removed to attend a portion of a school day in their child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (California Education Code §48900.1)

The notice shall:

1. Inform the parent/guardian when their presence is expected and by what means they may arrange an alternate date
2. State that if the parent/guardian does not have a means of transportation to school, they may ride the school bus with the student
3. Direct the parent/guardian to meet with the principal after the visit and before leaving school
4. Direct the parent/guardian to contact the school if there are reasonable factors that would prevent them from complying with the attendance requirement

#### **Suspension by Superintendent, Principal, or Designee**

The Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity to be: (California Education Code §48915(c))

1. Possessing, as verified by a district employee, selling, or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence

5. Possessing an explosive as defined in 18 USC 921

In addition, the Superintendent, principal, or designee may impose a suspension upon a first offense if they determine that the student violated any of items #1-5 listed under "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons. (California Education Code §48900.5)

For all other offenses, a student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct in the student. (California Education Code §48900.5)

When other means of correction are implemented prior to imposing suspension or supervised suspension upon a student, the Superintendent, principal, or designee shall document the other means of correction used and retain them in the student's record. (California Education Code §48900.5)

### **Due Process**

The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (California Education Codes §§48911, 48915, 48915.5, 48918)

### **Due Process Procedures for Suspension**

Suspensions shall be imposed in accordance with the following procedures:

1. **Informal Conference:** Suspension shall be preceded by an informal conference conducted by the Superintendent, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, presented with the evidence against them, and given the opportunity to present their version and evidence in support of their defense. At the conference, the student should be informed of other means of corrections that were attempted before the suspension. (California Education Code §48911)
2. **Administrative Actions:** All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (California Education Code §48911)
3. **Notice to Parents/Guardians:** At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (California Education Code §48911) This notice shall state the specific offense committed by the student. (California Education Code §48900.8) In addition, the notice may state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.
4. **Parent/Guardian Conference:** Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter. (California Education Code §48914)  
Although the parent/guardian is required to respond without delay to a request for a conference about their child's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied reinstatement solely because the parent/guardian failed to attend the conference. (California Education Code §48911)
5. In addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct their behavior and keep them in school.

### **Suspension by the Board**

The Board may suspend a student for any of the acts listed under "Grounds for Suspension and Expulsion" above and within the limits specified under "Suspension by Superintendent, Principal, or Designee" above. (California Education Code §48912)

### **Mandatory Recommendation and Mandatory Expulsion**

The Superintendent, principal, or designee shall recommend that the Board expel any student found at school or at a school activity to be: (California Education Code §48915(c))

1. Possessing, as verified by a district employee, selling, or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the firearm from a certificated school employee, with the principal

or designee's concurrence. However, possession of an imitation firearm, as defined in California Education Code §48900(m), shall not be regarded as an offense requiring a mandatory recommendation for expulsion and mandatory expulsion.

2. Brandishing a knife as defined in California Education Code §48915(g) at another person.
3. Unlawful possession of a controlled substance listed in Health and Safety Codes §§11053-11058.

5. Possessing an explosive as defined in 18 USC 921.

Upon finding that the student committed any of the above acts, the Board shall expel the student. (California Education Code §48915)

### **Student's Right to Expulsion Hearing**

Any student recommended for expulsion shall be entitled to a hearing to determine whether they should be expelled. The hearing shall be held within 30 school days after the Superintendent, principal, or designee determines that the student has committed one of the acts listed above under "Grounds for Suspension and Expulsion." (California Education Code §48918(a))

### **Written Notice of the Expulsion Hearing**

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (California Education Codes §§48900.8, 48918(b)) (BP/AR 5144)

1. The date and place of the hearing.
2. A statement of the specific facts, charges, and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation, pursuant to California Education Code §48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in California Education Code §48915(a) or (c).
5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

### **Post-Expulsion Placements**

The Board shall refer expelled students to a program of study that is: (California Education Codes §§48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems;
2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site;
3. Not housed at the school site attended by the student at the time of suspension.

When the placement described above is not available and when the County Superintendent so certifies, students expelled for acts described in items #6-13 and #21-23 under "Grounds for Suspension and Expulsion" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school or at an elementary school. (California Education Code §48915)

### **Readmission after Expulsion**

Readmission procedures shall be as follows:

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (California Education Code §48916)

2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference, the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
3. The Superintendent or designee shall transmit to the Board their recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of California Education Codes §§49073-49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.
4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (California Education Code §48916)
6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (California Education Code §48916)
7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (California Education Code §48916)

No student shall be denied readmission into the district based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other such contact with the juvenile justice system. (California Education Code §48645.5) (BP/AR 5144)

#### **Appropriate Use of Suspension and Expulsion**

Except when otherwise permitted by law, a student may be suspended or expelled only when their behavior is related to a school activity or school attendance occurring within any district school or other school district, regardless of when it occurs, including, but not limited to, the following: (California Education Code §48900(s))

1. While on school grounds
2. While going to or coming from school
3. During the lunch period, whether on or off the school campus
4. During, going to, or coming from a school-sponsored activity

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, equally, and in accordance with the district's nondiscrimination policies.

Except when a student commits an act that violates California Education Code §48900(a)-(e) or their presence causes a danger to others, suspension shall be used only when other means of correction have failed to bring about proper conduct.

Except when a student commits an act listed in California Education Code §48915(c), the Superintendent or designee shall have the discretion to determine whether to recommend to the Board that the student be expelled.

To correct the behavior of any student who is subject to discipline, the Superintendent or designee shall, to the extent allowed by law, first use alternative disciplinary strategies specified in AR 5144 - Discipline. (California Education Codes §§48900.5, 48900.6)

Students shall not be suspended or expelled for truancy, tardiness, or absenteeism from assigned school activities.

District staff shall not suspend any student for disruption or willful defiance, unless the suspension is warranted by documented repetitive behavior of the student or the disruption or willful defiance occurred in conjunction with another violation for which the student may be suspended.

A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to classroom or school removal.

### **Supervised Suspension Classroom**

The Board recognizes that students who are suspended from school often have no supervision or guidance during the school hours when they are off campus and may fall behind in the coursework. The Board believes that, in many cases, it would be better to manage the student's behavior by keeping the student at school and providing them with supervision that is separated from the regular classroom.

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in California Education Codes §48900 and §48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

The Superintendent or designee shall examine alternatives to off-campus suspension and may establish a suspension program which involves progressive discipline during the school day on campus; use of conferences between staff, parents/guardians and students; detention; student study teams or other assessment-related teams; and/or referral to school support services staff. The use of such alternatives does not preclude off-campus suspensions.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (California Education Code §48900.5)

### **Decision Not to Enforce Expulsion Order**

Upon voting to expel a student, on a case-by-case basis the Board may suspend enforcement of the expulsion order pursuant to the requirements of law and administrative regulation. (California Education Code §48917)

### **Maintenance and Monitoring Outcome Data**

The Superintendent or designee shall annually present to the Board a report of the outcome data which the district is required to collect pursuant to California Education Codes §48900.8 and §48916.1, including the number of students recommended for expulsion, the grounds for each recommended expulsion, the actions taken by the Board, the types of referral made after each expulsion, and the disposition of the students after the expulsion period.

The report shall be disaggregated by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, English learners, foster youth, and students with disabilities. The report also shall include information about whether and how the district is meeting its goals for improving school climate as specified in its local control and accountability plan.

## Staff Notification of Dangerous Students

The Governing Board desires to provide a safe, orderly working environment for all employees. As part of the district's Comprehensive School Safety Plan, the Superintendent or designee shall develop strategies for protecting employees from potentially dangerous persons and situations and for assisting them in the event of an emergency situation.

California Education Code §49079 and the districts' collective bargaining agreement with the California Teachers Association require that the school principal notify classroom teachers/bargaining unit members of students who have engaged in, or are reasonably suspected of, engaging in certain suspendable or expellable acts for the three previous years. (California Education Codes §48900 and §48915)

In order to ensure every classroom teacher and substitute have immediate access to the names of those students currently enrolled in their classroom who meet the criteria of California Education Code §48900, the Student Information System's staff have updated all assertive discipline offenses based on California Education Code §49079 with a Safe School Act Date (SSA Date) field in our student information system (AERIES). The teacher of record can see the SSA identification of the class roster written in red text **"SSA"** next to the student's name. Teachers have been advised, that should they have a student with the SSA identification, they are to see the site administrator for more information. This data is live and updated accordingly.

Whenever a principal believes a condition of student unrest exists on the campus which may develop into a serious disruption of the operation of the school, the principal shall:

1. Direct all campus supervisors, administrative building certificated personnel, and available teachers to take such steps (campus control, counseling with students) as they deem to be helpful in controlling the problem and in leading to its resolution.
2. Inform the Superintendent's Office.
3. Inform the appropriate law enforcement agency (Riverside Police Department; Riverside County Sheriff's Department or Corona Police Department).

### **Weapons and Dangerous Instruments**

Prohibited weapons and dangerous instruments include, but are not limited to: (California Education Codes §§48915, 49330; California Penal Codes §§626.10, 16100-17350, 30310)

1. Firearms: pistols, revolvers, shotguns, rifles, "zip guns," "stun guns," tasers, and any other device capable of propelling a projectile by the force of an explosion or other form of combustion;
2. Ammunition or reloaded ammunition;
3. Knives, razor blades, and box cutters: dirks, daggers, ice picks, or other weapons with a fixed, sharpened blade fitted primarily for stabbing; weapons with a blade fitted primarily for stabbing; weapons with a blade longer than 2-1/2 inches; folding knives with a blade that locks into place; and razors with an unguarded blade;
4. Explosive and/or incendiary devices: pipe bombs, time bombs, cap guns, containers of inflammable fluids, and other hazardous devices;

6. Any other dangerous device, instrument, or weapon, including those defined in California Penal Code §12020, including a blackjack, slingshot, billy club, nunchaku, sandclub, sandbag, metal knuckles, or any metal plate with three or more radiating points with one or more sharp edges designed for use as a weapon; and
7. Any imitation firearm, defined as a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

Any employee may confiscate any weapon or dangerous instrument from the personal possession of a student while the student is on school premises or under the authority of the district. (California Education Codes §§49331, 49332)

In determining whether to take possession of the weapon or dangerous instrument, the employee shall use their own judgment as to the dangerousness of the situation and, based upon this analysis, shall take one of the following actions:

1. Confiscate the object and deliver it to the principal immediately;
2. Immediately notify the principal, who shall take appropriate action;
3. Immediately notify the local law enforcement agency and the principal.

When informing the principal about the possession of a weapon or dangerous instrument, the employee shall report the name(s) of persons involved, witnesses, location, and the circumstances of the possession.

The principal shall report any possession of a weapon or dangerous instrument to the student's parents/guardians by telephone or in person, and shall follow this notification with a letter.

The employee shall retain possession of the instrument until the risk of its use as a weapon has dissipated or, upon the request of the student's parent/guardian, until the parent/guardian appears and personally takes possession. (California Education Codes §§49331, 49332)

Students shall not possess weapons or dangerous devices of any kind in school buildings, on school grounds or buses, or at any school related or school-sponsored activity away from school unless written permission has been obtained from

the school principal to possess such objects. Principals may permit the possession of weapons or dangerous instruments at school only at the request of a teacher and with assurance that such possession serves a positive educational purpose.

Any employee may use reasonable force necessary to protect themselves from attack, to protect another person or property, to quell a disturbance threatening physical injury to others, or to obtain possession of weapons or other dangerous objects upon the person or within control of a student. However, employees are prohibited from inflicting corporal punishment on students. All security equipment must be authorized and issued by the district. (California Education Codes §§44807, 49001, 49331-49333)

### **Reporting of Injurious Objects**

Employees shall take immediate action upon being made aware that any person is in possession of an injurious object on school grounds or at a school-related or school-sponsored activity. The employee shall use their own judgment as to the dangerousness of the situation and act appropriately.

Any information received by a teacher pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.

If criminal or civil proceedings are brought against an employee alleging that the employee committed an assault in connection with their employment, such employee may request the Board of Education to furnish legal counsel to defend the employee in any civil action or proceeding brought against them within the limits set by law. (Government Code §995)

An employee whose person or property is injured or damaged by willful misconduct of a student may request the school district to pursue legal action against the student or the student's parent/guardian. (California Education Code §48905)

Employees shall promptly report to their principal or other immediate supervisor any attack, assault, or physical threat made against them by a student.

Both the employee and the principal or other immediate supervisor shall promptly report such instances to the appropriate local law enforcement agency. (California Education Code §44014)

In addition, employees shall promptly report to their principal or supervisor, and may report to law enforcement, any attack, assault, or threat made against them on school grounds by any other individual. Such reports shall also be forwarded immediately to the Superintendent or designee.

An employee whose person or property is injured or damaged by willful misconduct of a student when the property is either (1) located on district property, (2) being transported to or from a district-sponsored event, (3) present at a district-sponsored event, or (4) injured or damaged in retaliation for conduct engaged in by the employee in the exercise or their duties, may ask the district to pursue legal action against the student or the student's parent or guardian. (California Education Code §48905)

### **Visitor Screening Policy**

Parent volunteers should be encouraged and welcomed. However, it is imperative that an appropriate and aggressive screening process be in place to ensure only qualified visitors are present on campus. The District's visitor monitoring program, Raptor, is designed to both screen visitors from unwanted lists and log their arrival and purpose. In addition to this process, additional visitor-screening policy includes:

- Visitors must check in at front desk attendant through the Raptor system with their photo ID and receive their visitor pass indicating their purpose.
- Post signs at key arrival points directing all visitors to the entry door.
- Lock all gates and entry points to the campus after school has started to direct all visitors to a single point of entry at the front office.
- Direct visitors to sign out upon leaving campus.
- Acquaint parents and community members with visitor policy.

- Familiarize all teachers and staff with the visitor policy.
- Encourage all staff to question unidentified visitors and direct them to the office before proceeding onto campus.

### **COVID-19 Considerations**

On February 11, 2020, the World Health Organization announced an official name for the disease that is causing the 2019 novel coronavirus outbreak, first identified in Wuhan, China. The new name of this disease is Coronavirus disease 2019, abbreviated as COVID-19. In COVID-19, 'CO' stands for 'corona,' 'VI' for 'virus,' and 'D' for disease. Formerly, this disease was referred to as “2019 novel coronavirus” or “2019-nCoV”. There are many types of human coronaviruses including some that commonly cause mild upper-respiratory tract illnesses. COVID-19 is a new disease, caused by a new coronavirus that has not previously been seen in humans.

It is the policy of the Alvord Unified School District to ensure a safe and healthy environment for employees, staff, and students. Communicable and infectious diseases such as COVID-19 are minimized by providing prevention, education, identification through examination, observation, immunization, treatment and follow-up, isolation, and reporting.

Due to the widespread pervasiveness of COVID-19 in the community, the Alvord Unified School District has implemented infection control measures, including applicable and relevant recommendations from the Centers for Disease Control and Prevention (CDC) and our state and local guidelines. The Alvord Unified School District also determined that the 2020-2021 school year would start in a virtual and distance-learning only format in which students attend school remotely. Upon the return to in-person instruction, the Alvord Unified School District will follow the current county and state COVID-19 guidelines and protocols for the safe re-opening of schools.

### **Pandemic Outbreak / Infectious Disease**

Schools must help protect the health and safety of staff and students. Experts believe that up to 30 percent of the population may be sick at the same time. When a pandemic occurs, there will likely be no vaccine for the first six months of the pandemic, and anti-viral medication will be in very limited supply. To control the spread of illness, social distancing, such as closing schools and having people stay at home, will be the primary approach to preventing the spread of the virus. Schools may have to be closed for a few weeks to a month or more if there is an outbreak in the area.

### **Mitigation and Prevention**

Identify or create a countywide, districtwide, or regional committee to provide guidance regarding the pandemic preparations to district school sites. Review communicable disease policies as well as district and school emergency/crisis response and safe school plans. Determine if any additional policies or procedures are needed. Develop procedures for communicating with the local health department and the media during normal and emergency situations. Prepare for the possibility of schools functioning with up to 30 percent of all school staff absent. Assess the financial impact of alternate scheduling, school closures, and before- and after-school programs closures. Assess the requirements of medically fragile students and students with special needs and incorporate the requirements into the emergency/pandemic response plan. Develop communication and dissemination plans for staff, student, and families, including information about schedule changes, busing changes and possible school closures. Develop information about alternative instructional delivery systems and communicate that information to staff, students, and families to ensure that student continue to receive instructional and academic credit in the event of school closures. Identify school-based individual(s) to work with the local health department pandemic planning committee on the possible need for school sites to help meet temporarily the health-related needs to the community. Identify strategies to provide meals for those children who rely on school meals as their primary source of daily nutrition. Identify school-based individual(s) to educate all staff, including before- and after-school program staff, about the pandemic and the school plan. Identify school-based individual(s) to educate students, staff and parents about washing hands, following hygiene/cough etiquette, and staying home when sick. Identify individual(s) to ensure (1) each room has adequate supplies of soap/water/paper towels or waterless hand sanitizer for hand washing and receptacles for disposal; and (2) basic hygiene supplies are replaced daily and trash is disposed of daily. A supply of surgical/face masks is also recommended.

**Preparedness**

Continue educating staff, families and student on pandemic prevention and school plans. Identify the district and school site staff chain of command in case of illness. Establish a backup chain of command if necessary- see continuity of operations system. Review procedures for communicating with staff, students and families. Identify the languages spoken by student population, including the communicatively disabled, and recruit translators to translate information into template form. Review policies and procedures for identifying ill students and staff, isolating and masking them as necessary, and sending them home. Use prevention strategies for reducing the spread of germs. Preplan for recovery- identify and prescreen health and grief service providers and provide training for school staff regarding grief and possible health problems. Identify or develop educational materials for families and staff on topics such as how to support their student with recovery from a pandemic, common symptoms of loss and grief and constructive way to cope with stress.

**Response**

Track the number of staff and students absent daily. Report to the district office and to the local health department the number of students absent. Finalize the information that needs to be communicated to staff, students, and families including translated documents. Hold staff meeting(s) to provide information on the extent of the infection at the school site and potential changes that may take place. Conduct timely debriefings districtwide to identify lessons learned and make necessary changes to the response plan.

**Recovery**

Mobilize the district crisis recovery team that provides emotional-psychological support. If there is a loss of life in the school community, establish the location of the “safe room” for counseling services to be provided. Hold staff meetings and provide information on the extent of the pandemic in the community. Provide staff with information on activities that may assist students and inform staff of the signs and symptoms of emotional distress to watch for. Announce counseling support services available to faculty and staff. Identify students, families, and staff who may need long-term physical and mental health support or intervention and develop school and community resources to provide these services. Follow up with student referrals made to community agencies. Conduct debriefings with the crisis recovery team. Document “lessons learned” and incorporate them into revisions and training.

## School Discipline

The Governing Board desires to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, effective classroom management, and parent involvement can minimize the need for discipline. Staff shall use preventative measures and positive conflict resolution techniques whenever possible.

Board policies and regulations shall delineate acceptable student conduct and provide the basis for sound disciplinary practices. Each school shall develop disciplinary rules to meet the school's individual needs.

When misconduct occurs, staff shall implement appropriate discipline and attempt to identify and address the causes of the student's behavior. Continually disruptive students may be assigned to alternative programs or be removed from school in accordance with law, Board policy, and administrative regulation. If an employee believes a matter has not been resolved, they shall refer the matter to their supervisor or an administrator for further investigation.

When a school official suspects that a search of a student or their belongings will turn up evidence of the student's violation of the law or school rules, such a search shall be conducted in accordance with BP/AR 5145.12 - Search and Seizure.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property or to obtain possession of weapons or other dangerous objects within the control of the student. (California Education Code §49001) (BP/AR 5144)

## **Bullying / Cyberbullying / Hate Crime**

The Governing Board recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No individual or group shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, retaliate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel.

Cyberbullying includes the creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Strategies for addressing bullying in district schools shall be developed with involvement of key stakeholders, including students, parents/guardians, and staff, and may be incorporated into the comprehensive safety plan, the local control and accountability plan, and other applicable district and school plans.

As appropriate, the Superintendent or designee may collaborate with law enforcement, courts, social services, mental health services, other agencies, and community organizations in the development and implementation of joint strategies to promote safety in schools and the community and to provide services for alleged victims and perpetrators of bullying.

### **Bullying Prevention**

To the extent possible, district schools shall focus on the prevention of bullying by establishing clear rules for student conduct and implementing strategies to promote a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying.

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

Staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective response.

Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and cafeterias.

### **Intervention**

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially. Students may file a complaint using the district's Student Complaint of Harassment or Bullying Form. This form is available at the school.

School staff who witness an act of bullying shall immediately intervene to stop the incident when it is safe to do so. (California Education Code §234.1)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school

nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (California Education Code §48900.9)

In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report their observation to the principal or a district compliance officer, whether or not the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer identified in BP/AR 1312.3 - Uniform Complaint Procedures.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

When a report of bullying is submitted, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

### **Investigation and Resolution of Complaints**

Any complaint of bullying shall be investigated and, if determined to be discriminatory, resolved in accordance with law and the District's uniform complaint procedures specified in BP/AR 1312.3.

If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

## Sexual Harassment Policy

### Definition

Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, unwanted requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature made against another person of the same or opposite sex in the work or educational setting when any of four conditions are met: (California Education Code §212.5; Government Code §12940; 5 CCR 4916)

1. Submission to the conduct is made explicitly or implicitly a term or condition of the individual's employment.
2. Submission to or rejection of such conduct by the individual is used as the basis for an employment decision affecting them.
3. The conduct has the purpose or effect of having a negative impact upon the individual's work or has the purpose or effect of creating an intimidating, hostile, or offensive work environment. Regardless of whether or not the alleged harasser was motivated by sexual desire, the conduct is sufficiently severe, persistent, pervasive, or objectively offensive as to create a hostile or abusive working environment or to limit the individual's ability to participate in or benefit from an education program or activity.
4. Submission to or rejection of the conduct by the other individual is used as the basis for any decision affecting them regarding benefits, services, honors, programs, or activities available at or through the district.

Other examples of actions that might constitute sexual harassment, whether committed by a supervisor, a co-worker, or a non-employee, in the work or educational setting include, but are not limited to:

1. Unwelcome verbal conduct such as sexual flirtations or propositions; graphic comments about an individual's body; overly personal conversations or pressure for sexual activity; sexual jokes or stories; unwelcome sexual slurs, epithets, threats, innuendoes, derogatory comments, sexually degrading descriptions, or the spreading of sexual rumors;
2. Unwelcome visual conduct such as drawings, pictures, graffiti, or gestures; sexually explicit emails; displaying sexually suggestive objects;
3. Unwelcome physical conduct such as massaging, grabbing, fondling, stroking, or brushing the body; touching an individual's body or clothes in a sexual way; cornering, blocking, leaning over, or impeding normal movements;

### Training

The Superintendent or designee shall ensure that all employees receive training regarding the district's sexual harassment policies when hired and periodically thereafter. Such training shall include the procedures for reporting and/or filing complaints involving an employee, employees' duty to use the district's complaint procedures, and employee obligations when a sexual harassment report involving a student is made to the employee.

Every two years, the Superintendent or designee shall ensure that supervisory employees receive at least two hours of training regarding sexual harassment and that non-supervisory employees receive at least one hour of training regarding sexual harassment. All newly hired or promoted employees shall receive training within six months of their assumption of the new position. (SB 778)

### Disciplinary Actions

Any student who engages in sexual harassment or sexual violence at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. Any staff member found to have engaged in sexual harassment or sexual violence toward any student shall be subject to discipline up to and including dismissal in accordance with applicable policies, laws, and/or collective bargaining agreements.

## Discrimination and Other Harassment Policy

### Students

The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying of any student based on the student's actual or perceived race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression or association with a person or group with one or more of these actual or perceived characteristics.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, includes physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also shall include the creation of a hostile environment when the prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who files or otherwise participates in the filing or investigation of a complaint or report regarding an incident of discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include counseling, suspension or expulsion for behavior that is severe or pervasive as defined in California Education Code §48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

The district designates the individual(s) identified below as the employee(s) responsible for coordinating the district's efforts to comply with state and federal civil rights laws, including Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act, and the Age Discrimination Act of 1975, and to answer inquiries regarding the district's nondiscrimination policies. The individual(s) shall also serve as the compliance officer(s) specified in BP/AR 1312.3 - Uniform Complaint Procedures as the responsible employee to handle complaints regarding unlawful discrimination, including discriminatory harassment, intimidation, or bullying, based on actual race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or any other legally protected status; the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics. ### **Measures to Prevent Discrimination**

To prevent unlawful discrimination, including discriminatory harassment, intimidation, retaliation, and bullying, of students at district schools or in school activities and to ensure equal access of all students to the educational program, the Superintendent or designee shall implement the following measures:

1. Publicize the district's nondiscrimination policy and related complaint procedures, including the coordinator/compliance officer's contact information, to students, parents/guardians, employees, volunteers, and the general public and post them on the district's web site, district-approved social media, and other locations that are easily accessible to students. (California Education Code §234.1)
2. Provide to students a handbook that contains age-appropriate information that clearly describes the district's nondiscrimination policy, procedures for filing a complaint, and resources available to students who feel that they have been the victim of any such behavior. (California Education Code §234.1)
3. Annually notify all students and parents/guardians of the district's nondiscrimination policy. The notice shall inform students and parents/guardians of the possibility that students will participate in a sex-segregated school program or activity together with another student of the opposite biological sex, and that they may inform the compliance officer if they feel such participation would be against the student's religious beliefs and/or practices or a violation of his/her right to privacy. In such a case, the compliance officer shall meet with the student and/or parent/guardian who raises the objection to determine how best to accommodate that student. The notice shall inform students and parents/guardians that the district will not typically notify them of individual instances of transgender students participating in a program or activity.
4. The Superintendent or designee shall ensure that all students and parents/guardians, including students and parents/guardians with limited English proficiency, are notified of how to access the relevant information provided in the district's nondiscrimination policy and related complaint procedures, notices, and forms in a language they can understand.
5. Provide to students, employees, volunteers, and parents/guardians age-appropriate training and information regarding the district's nondiscrimination policy; what constitutes prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying; how and to whom a report of an incident should be made; and how to guard against segregating or stereotyping students when providing instruction, guidance, supervision, or other services to them. Such training and information shall include guidelines for addressing issues related to transgender and gender-nonconforming students.
6. At the beginning of each school year, inform school employees that any employee who witnesses any act of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, against a student is required to intervene if it is safe to do so.
7. At the beginning of each school year, inform each principal or designee of the district's responsibility to provide appropriate assistance or resources to protect students' privacy rights and ensure their safety from threatened or potentially discriminatory behavior.

### **Process for Initiating and Responding to Complaints**

Any student who feels that they have been subjected to unlawful discrimination described above or in district policy is strongly encouraged to immediately contact the compliance officer, principal, or any other staff member. In addition, any student who observes any such incident is strongly encouraged to report the incident to the compliance officer or principal, whether or not the alleged victim files a complaint.

Any school employee who observes an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, or to whom such an incident is reported shall report the incident to the compliance officer or principal within a school day, whether or not the alleged victim files a complaint.

Any school employee who witnesses an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall immediately intervene to stop the incident when it is safe to do so. (California Education Code §234.1)

When any report of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, is submitted to or received by the principal or compliance officer, they shall inform the student or parent/guardian of the

right to file a formal complaint pursuant to the provisions in AR 1312.3 - Uniform Complaint Procedures. Any report of unlawful discrimination involving the principal, compliance officer, or any other person to whom the complaint would ordinarily be reported or filed shall instead be submitted to the Superintendent or designee. Even if the student chooses not to file a formal complaint, the principal or compliance officer shall implement immediate measures necessary to stop the discrimination and to ensure all students have access to the educational program and a safe school environment.

Upon receiving a complaint of discrimination, the compliance officer shall immediately investigate the complaint in accordance with the district's uniform complaint procedures specified in BP/AR 1312.3.

### **Transgender and Gender-Nonconforming Students**

Gender identity means a student's gender-related identity, appearance, or behavior, whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

Gender expression means a student's gender-related appearance and behavior, whether stereotypically associated with the student's assigned sex at birth. (California Education Code §210.7)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.

Transgender student means a student whose gender identity or gender expression is different from that traditionally associated with the assigned sex at birth.

Acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, regardless of whether they are sexual in nature, where the act has the purpose or effect of having a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment are prohibited under state and federal law. Examples of types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with their gender identity;
2. Disciplining or disparaging a transgender student because his/her mannerisms, hairstyle, or style of dress correspond to their gender identity, or a non-transgender student because their mannerisms, hairstyle, or style of dress do not conform to stereotypes for their gender or are perceived as indicative of the other sex;
3. Blocking a student's entry to the bathroom that corresponds to their gender identity because the student is transgender or gender-nonconforming;
4. Taunting a student because they participate in an athletic activity more typically favored by a student of the other sex;
5. Revealing a student's transgender status to individuals who do not have a legitimate need for the information;
6. Use of gender-specific slurs;
7. Physical assault of a student motivated by hostility toward them because of their gender, gender identity, or gender expression.

The district's uniform complaint procedures (BP/AR 1312.3) shall be used to report and resolve complaints alleging discrimination against transgender and gender-nonconforming students. Examples of basis for complaints include, but are not limited to, the above list as well as improper rejection by the district of a student's asserted gender identity, denial of access to facilities that correspond with a student's gender identity, improper disclosure of a student's transgender status, discriminatory enforcement of a dress code, and other instances of gender-based harassment.

To ensure that transgender and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. **Right to privacy:** A student's transgender or gender-nonconforming status is their private information and the district will only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student's physical or mental well-being. In the latter instance, the district shall limit disclosure to individuals reasonably believed to be able to protect the student's well-being. Any district employee to whom a student discloses their transgender or gender-nonconforming status shall seek the student's permission to notify the compliance officer. If the student refuses to give permission, the employee shall keep the student's information confidential, unless they are required to disclose or report the student's information pursuant to this procedure, and shall inform the student that honoring the student's request may limit the district's ability to meet the student's needs related to their status as a transgender or gender-nonconforming student. If the student permits the employee to notify the compliance officer, the employee shall do so within three school days. As appropriate given the physical, emotional, and other significant risks to the student, the compliance officer may consider discussing with the student any need to disclose the student's transgender or gender-nonconformity status to their parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and desire assistance in doing so.
2. **Determining a Student's Gender Identity:** The compliance officer shall accept the student's assertion unless district personnel present a credible basis for believing that the student's assertion is for an improper purpose. In such a case, the compliance officer shall document the improper purpose and, within seven school days of receiving notification of the student's assertion, shall provide a written response to the student and, if appropriate, to their parents/guardians.

However, at the written request of a student or, if appropriate, their parents/guardians, the district shall use the student's preferred name and pronouns consistent with their gender identity on all other district-related documents.

The Superintendent or designee shall also develop and maintain emergency plans for each school site.

In developing the district and school emergency plans, the Superintendent or designee shall collaborate with city and county emergency responders, including local public health administrators.

The Superintendent or designee shall use state-approved Standardized Emergency Management System guidelines and the National Incident Command System when updating district and site-level emergency and disaster preparedness plans. The Board shall grant the use of school buildings, grounds, and equipment to public agencies, including the American Red Cross, for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The Board shall cooperate with such agencies in furnishing and maintaining whatever services they deem necessary to meet the community's needs. See attached agreement with public agency and school district.

### Earthquake

Earthquake emergency procedures shall be established in every school building having an occupant capacity of 50 or more students, or more than one classroom, and shall be incorporated into the Comprehensive School Safety Plan. (California Education Code §32282)

Earthquake emergency procedures shall be aligned with the Standardized Emergency Management System and the National Incident Management System.

Earthquake emergency procedures shall outline the roles and responsibilities of students and staff during and after an earthquake.

#### **Earthquake emergency procedures shall include, but not be limited to, all of the following:**

1. A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of students and staff;
2. A drop procedure whereby each student and staff member takes cover under a table or desk, dropping to his/her knees, with the head protected by the arms and the back to the windows;
3. Drop procedures shall be practiced at least once each school quarter in elementary schools and at least once each semester in secondary schools;
4. Protective measures to be taken before, during, and following an earthquake;
5. A program to ensure that students and staff are aware of and properly trained in the earthquake emergency procedure system.

Staff and students shall be informed of the dangers to expect in an earthquake and procedures to be followed. Students shall be instructed to remain silent and follow directions given by staff in such an emergency. Staff and students also shall be taught safety precautions to take if they are in the open or on the way to or from school when an earthquake occurs.

Earthquake emergency procedures shall designate primary and alternative locations outside of buildings, which may include areas off campus if necessary, where individuals on a school site will assemble following evacuation. In designating such areas, the Superintendent or designee shall consider potential post-earthquake hazards outside school buildings including, but not limited to, power lines, trees, covered walkways, chain link fences that may be an electric shock hazard, and areas near buildings that may have debris.

Earthquake emergency procedures also shall outline primary and alternative evacuation routes that avoid areas with potential hazards to the extent possible. The needs of students with disabilities shall be considered when planning evacuation routes.

The Superintendent or designee shall identify at least one individual within each building to determine if an evacuation is necessary, the best evacuation location, and the best route to that location when an earthquake occurs.

#### **Earthquake procedures in a building**

**When an earthquake occurs, the following actions shall be taken inside buildings and classrooms:**

1. Staff shall have students perform the drop procedure.
  - a. **DROP** to the ground.
  - b. **COVER** the back of the neck with your hands. Seek protective cover under or near desks, tables, or chairs in a kneeling or sitting position. If in a hallway, drop next to an inside wall in a kneeling position and cover the back of the neck with your hands.
  - c. **HOLD** onto a table or chair legs. Holding onto the legs will prevent it from moving away from you during the quake. You should remain in the HOLD position until ground movement ends.
2. After the earthquake, the principal or designee shall determine whether planned evacuation routes and assembly locations are safe and shall communicate with teachers and other staff.
3. When directed by the principal or designee to evacuate, or if classrooms or other facilities present dangerous hazards that require immediate evacuation, staff shall account for all students under their supervision and shall evacuate the building in an orderly manner.

#### **Earthquake procedures while outside**

**When an earthquake occurs, the following actions shall be taken by staff or other persons in authority who are outdoors on school grounds:**

1. Staff shall direct students to move away from hazards such as buildings, trees, overhead power lines, power poles, or exposed wires.
2. **DROP** to the ground and **COVER** the back of the neck with your hands. Be aware of aftershocks.
3. Have students stay in the open until the earthquake is over or until further directions are given.

#### **Subsequent Emergency Procedures**

**After an earthquake episode has subsided, the following actions shall be taken:**

1. Staff shall extinguish small fires if safe.
2. Staff shall provide first aid to any injured students, take attendance, and report missing students to the principal or designee.
3. Staff and students shall refrain from lighting any stoves or burners or operating any electrical switches until the area is declared safe.
4. All buildings shall be inspected for water and gas leaks, electrical breakages, and large cracks or earth slippage affecting buildings.
5. The principal or designee shall post staff at safe distances from all building entrances and instruct staff and students to remain outside the buildings until they are declared safe.
6. The principal or designee shall request assistance as needed from the county or city civil defense office, fire and police departments, city and county building inspectors, and utility companies and shall confer with them regarding the advisability of closing the school.
7. The principal or designee shall contact the Superintendent or designee and request further instructions after assessing the earthquake damage.
8. The Superintendent or designee shall provide updates to parents/guardians of district students and members of the community about the incident, any safety issues, and follow-up directions.

## Fire

All classrooms and offices shall have an Emergency Exit sign and Evacuation Chart posted in a prominent location.

### Fire within a School Building:

In the event that a fire is detected within a school building, use the following procedures:

1. **The Principal or Designee will:**
  - o Order an evacuation if the fire alarm doesn't work
  - o Call 911
  - o Notify the Superintendent
2. Teachers will supervise the evacuation of the classrooms to the designated areas according to the Emergency Exit Plan posted in every classroom and office.
3. Teachers will close doors upon evacuating.
4. Teachers will take their attendance sheets to the evacuation site and take attendance.
5. Teachers will report any missing student(s) to their Team Supervisor/Administrator.
6. The Head Custodian or designees shall assist by shutting off gas valves, electricity, etc., if necessary for evacuating, putting out the fire, etc.
7. The Head Custodian or designee shall open necessary gates for fire truck and other emergency vehicle access when appropriate. The Head Custodian or designee will also keep access entrances open for emergency vehicles.
8. Notify students and staff when it is safe to return to the school site under the direction of the Fire Department and in consultation with the Superintendent or designee.

### Fire Near School

#### The Principal or designee shall:

1. Determine the need to execute an evacuation if nearby fire poses an immediate threat to the students or the building.
2. Notify the Fire Department by calling 911.
3. Notify the Superintendent's office.
4. Notify students and staff when it is safe to return to the school site under the direction of the Fire Department and in consultation with the Superintendent or designee.

## Power Outage / Rolling Blackouts

It is the district's intent that schools will remain open during a power outage.

There are several stages of alerts that are being broadcast over the radio:

- **STAGE 1 EMERGENCY** indicates that the operating reserves in the real-time market are forecasted to be less than the California Independent System Operator (CAISO) Minimum Operating Reserves criteria.
- **STAGE 2 EMERGENCY** indicates that the operating reserves in the real-time market are forecasted to be less than five (5) percent.
- **STAGE 3 EMERGENCY** indicates that the operating reserves in the real-time market are forecasted to be less than 1.5 percent.

If the district is notified of a **STAGE 3 EMERGENCY**, possible-affected sites will be contacted as soon as practicable. Once notified, turn off PCs, monitors, printers, copiers, and lights when not in use or not needed. If you cannot turn off the whole computer, turn off the monitor and the printer. Shut off lights in unoccupied rooms. In spite of everyone's best effort to communicate, it is possible that an outage will occur with no notice to the district.

### During an outage

- ☐ Contact Maintenance and Operations immediately if your site is experiencing a blackout.
- ☐ Phones that require power from an electrical outlet will not work. Communication to the district office will need to be done by radio or cell phone.
- ☐ If an outage lasts more than 30 minutes, have pre-designated people walk through the campus and check on the status of individuals in each building.

- ☐ Use a buddy system when going to the restrooms.
- ☐ **DO NOT USE** candles or gas lanterns.
- ☐ Turn off PCs, monitors, printers, copiers, major appliances and lights when not in use or not needed. If you cannot turn off the whole computer, turn off the monitor and the printer.
- ☐ Shut off lights in unoccupied rooms.

The rolling outages should not last more than two hours and, with some preparation, business can be conducted as close to normal as possible.

If a power outage is prolonged, the principal should contact the Superintendent for directions (release students/staff, evacuation to another site, etc.).

## Communication

### Email Communication

- ☐ Communications with district crisis personnel is typically via email using the crisis email list for notifications whenever a call is place to request an ambulance, police officer, or fire department
- ☐ Crisis email lists are also used to notify district crisis personnel whenever a lockdown has been initiated for ANY reason
- ☐ The crisis email list only notifies district crisis personnel; it DOES NOT summon public safety officials for you
- ☐ After a call to 911 has been placed or a lockdown has been initiated, send the appropriate crisis email.
  - Do not wait until the situation has been resolved
  - The purpose of the crisis email is to alert certain staff members, alert the assigned school resource officers, and place district resources at your disposal should the need arise

### Crisis Email Lists

The crisis email lists are:

- ☐ **Crisis – Ambulance:** To be used when a 911 call has been made to request an ambulance
- ☐ **Crisis – Fire:** To be used when a 911 calls has been made to the Fire Department
- ☐ **Crisis – Lockdown:** To be used when a site has initiated lockdown procedures for ANY reason
- ☐ **Crisis – Police:** To be used when a 911 call has been made for Police assistance

## Security Alert

**Purpose:** The protocol will be followed if an event requires heightened security measures and/or greater presence of staff while still being at a lower level than a Lockout. The Security Alert protocol will allow for the teaching day to continue without disruption but allow for greater awareness of potential threats. School will dismiss at normal times and students may be checked in and out by parents and guardians. The Security Alert protocol can be initiated by the police department, the fire department, the school district or by the individual school site.

**Notification:** PA announcement will instruct staff to read their email. This email will have all the information about the Security Alert. Runners will be sent to rooms with substitute teachers or staff without access to computers or email.

### Actions:

1. Limit the number of students released from class.
2. Monitor the outside of the classroom for anything unusual. Immediately notify the office if you see anything unusual or suspicious.
3. Go about the teaching day, following the bell schedule.

## Lockout

**Purpose:** To secure the school from outside events such as a police pursuit in the area or other hazardous situation. A Lockout is intended to prevent a potential community threat from entering campus. Outer gates and other entrance/exit points can be closed (NOT LOCKED) to deter a potential perpetrator from entering school grounds. A Lockout heightens school safety while honoring instructional time.

**Notification:** PA announcement will instruct staff to read their email. This email will have all the information about the Lockout. Runners will be sent to rooms with substitute teachers or staff without access to computers or email.

**Actions:**

1. Lock your classroom door.
2. You may allow students locked out of the room to come back in if they knock.
3. Take attendance and report any missing students and their location to the office.
4. Do not allow students to leave the room until the **ALL CLEAR** signal is given.
5. Continue teaching.
6. Be aware you may have to hold students in the room past normal breaks.
7. Bells will be turned off. If bells sound, ignore them unless instructed to follow the schedule by PA announcement.
8. Remain in Lockout status until **ALL CLEAR** is issued by law enforcement.

**Lockdown**

**Purpose:** To mitigate harm caused by an intruder by securing students and staff in locked rooms. Lockdown is implemented when the threat of violence or gunfire is identified on the campus or the school is directed by law enforcement. During Lockdown, students and staff are to remain in designated classrooms or lockdown locations at all times. Do not evacuate until room is cleared by law enforcement or an **ALL CLEAR** signal is given by site administration.

**Notification:** PA announcement will state: **“We are in lockdown, please secure your rooms.”** This will repeat three times.

Lockdown is a protective action against human threat while Shelter-in-Place protects against environmental threat. Lockdown requires closing and locking doors immediately after which no one is allowed to enter or exit. Shelter-in-Place allows for the free movement of staff and students within the classroom or office.

**Principal/Site Administrator Actions:**

- ☐ Assume Incident Command role and continue until relieved by law enforcement. Put on IC vest
- ☐ Instruct Office Manager/Secretary to call 911. Designee must be ready to provide location, status of campus, all available details of situation.
- ☐ Make public address announcement. Instruct teachers and staff to immediately lock doors and remain in the classroom or secured area until further instructions are provided.
- ☐ Designate assigned individual to lock all doors leading into administration building.
- ☐ Instruct office staff to seek safe refuge in a pre-determined “Safe” location within the building.
- ☐ Contact school resource officer or other security personnel and provide available information.
- ☐ When able, alert Superintendent’s office.
- ☐ RPD SROs have badge and key access to schools within their jurisdiction. Aerial maps of each school are in the trunks of each SROs patrol car. Sets of aerial maps for of each school are also kept with the supervising Lieutenant and Watch Commander. At the district office, a set of aerial maps are located in Student Services and with Administrative Services. Officers, as well as, their Lieutenant and Watch Commander have an aerial map of each school. RSO SRO has badge and key access to schools within their jurisdiction. Lake Hills Elementary School and Villegas Middle School have provided their SRO with maps of their campuses. Promenade Elementary School is under the jurisdiction of Corona Police Department. The school does not have a dedicated SRO. In the event of an emergency, Promenade will contact 911.
- ☐ According to site communication plan, provide periodic updates to staff via public address, e-mail, or other means. Continue updates even if there is no change in the situation.
- ☐ After the emergency has been neutralized, initiate **EVACUATION** or **ALL CLEAR** procedures as directed by law enforcement.
- ☐ Meet law enforcement at Incident Command Post.
- ☐ According to site protocol, implement Student/Staff Accountability procedures and notify law enforcement of any missing persons.

- ☐ If incident includes casualties, deploy Liaison Officer and alternate to first responder's Emergency Medical Command Post. Using **Mass Casualty Patient Tracking Sheet**, request victim identification and transport information. Complete tracking sheet for School Site Incident Commander. Only Coroner, police chaplain, or other public official should deliver official notification of deceased persons.
- ☐ Transfer incident command to law enforcement but provide whatever assistance/information they require. Site administrator becomes part of the ICS Unified Command and is expected to remain at Incident Command Post through duration of event.
- ☐ Through whatever means is most effective, provide parents/guardians with a brief description of the emergency, how it was handled, and if appropriate, what steps are being taken in its aftermath.

#### **Staff Actions: If Students Are In Class At Time Of Lockdown:**

- ☐ **Immediately** move to the door and check for passing students. Divert as many students as possible into the classroom.
- ☐ Close and lock the door. **DO NOT OPEN THE DOOR FOR ANYONE.** Law enforcement and/or Site Administrator will use keys to unlock door and clear the room.
- ☐ Exception: For elementary schools. You may allow entry to a student only if you can visually determine either through window, telephone/PA to a room with view of your door or through front office if security cameras pick up your room, that the student is alone and is unarmed. This is a judgement call on your part. The overriding concern must be for the safety of the larger number of people inside your room.
- ☐ Close blinds and turn off lights. If door has a window, cover with a pre-cut piece of heavy **black** construction paper.
- ☐ Instruct students to stay quiet and out of sight. Relocate against the **"Safe Wall,"** the wall least visible to the outside and most out of the line of fire. Control all cell phone activity (no outgoing or incoming calls).
- ☐ Turn off television, LCD projector, document camera, etc. The room should be dark and quiet.
- ☐ If safe to do so, locate emergency packet including attendance rosters. Take attendance and document on appropriate form.
- ☐ Remain in the classroom or secured area until further instructions are provided by the principal or law enforcement.
- ☐ If anyone is injured or wounded inside the room and it is safe to do so, alert 911 of the nature and severity of injury or injuries. Use classroom phone, cell phone, or Internet to do so. **Only** in the event that all available channels of communication are disabled and the injury is life- threatening, slide Red Cross placard (found in the emergency packet) under the door.
- ☐ Do **NOT** call office to ask questions; Incident Command will send out periodic updates according to site communication protocol.
- ☐ Maintain order in all areas of shelter or assembly and await the arrival of law enforcement. Be ready for lengthy stay of 2-4 hours.

#### **Staff Actions: If Students Are Not In Class At The Time Of Lockdown:**

- ☐ If staff member is somewhere on campus other than own classroom or office, stay put. Do not attempt to get back to a specific location.
- ☐ Direct students to nearest available safe building or location. If doors are locked, continue to look for a safe area. Consider moving students off-campus if that seems the safest option.
- ☐ Do **not** chase students that run. Let them go.
- ☐ Do **not** go into rooms that cannot be secured and offer no way out.
- ☐ Students who find themselves in a room with no adult supervision should call the designated office number immediately. Visible instructions at every classroom phone provide additional **"Need to Know"** information.
- ☐ If sheltering inside a room, lock all doors, close blinds/curtains, turn off lights, and direct students to move to **"Safe Wall"** inside the room.
- ☐ Instruct students to stay quiet and out of sight. Control student cell phone activity (not outgoing or incoming calls)
- ☐ Remain calm and communicate with authority. If safe to do so, attempt to maintain separation between students and the perpetrator.
- ☐ If anyone is injured or wounded and it is safe to do so, alert 911 of the nature and severity of injury or injuries. Use classroom phone, cell phone, or Internet to do so.

- ☐ If safe to do so, take attendance and document on appropriate form.
- ☐ If safe to do so and according to site communications protocol, contact designated ICS Command to report your Lockdown location as well as names of students/staff under your supervision.
- ☐ Maintain order in all areas of shelter or assembly and await the arrival of law enforcement. Be ready for lengthy stay of 2-4 hours.

**Staff Actions: If Students Are Engaged In Class Activity On An Outlying Field (PE Or Activity Classes):**

- ☐ Gather students together and organize into an orderly formation.
- ☐ Inform students that as part of **LOCKDOWN** procedures, the class will evacuate off-campus to a pre-determined Off-Site Evacuation Location.
- ☐ Follow pre-arranged evacuation route to evacuation location.
- ☐ Upon arrival at the pre-arranged location, take attendance.
- ☐ By 2-way radio communication, cell phone, or other agreed-upon means, contact designated ICS Command to report class location and any absent or missing students.
- ☐ Maintain order in all areas of shelter or assembly. Do not release students to parent/guardian unless instructed by Incident Commander.
- ☐ Wait for another action or, if **ALL CLEAR** announcement is issued, return to school buildings and normal class routine.

**For Those Staff Members Who Work in an Office or Auxiliary Space:**

- ☐ Through drills and training, pre-determine and practice where staff can safely hide.
- ☐ Designate specific individuals to take responsibility for locking doors; always assign a second and third alternate.
- ☐ Be alert to opportunities to improve the safety of the situation (Barricade the door, move off campus, respond proactively).

**Lockdown: Active shooter**

**Profile of an active shooter**

An active shooter is an individual actively engaged in killing or attempting to kill people in a confined and populated area. In most cases, there is no pattern or method to their selection of victims.

Active shooter situations are unpredictable and evolve quickly. Typically, the immediate deployment of law enforcement is required to stop the shooting and mitigate harm to victims. Because active shooter situations are often over within 10 to 15 minutes, before law enforcement arrives on the scene, individuals must be prepared both mentally and physically to deal with an active shooter situation.

**How to respond when an active shooter is in your vicinity**

Quickly determine the most reasonable way to protect your own life.

**1. Run / Evacuate**

If there is an accessible escape path, attempt to evacuate the premises.

**Be sure to:**

- ☐ Have an escape route and plan in mind
- ☐ Evacuate regardless of whether others agree to follow
- ☐ Leave your belongings behind
- ☐ Help others escape, if possible
- ☐ Prevent individuals from entering an area where the active shooter may be
- ☐ Keep your hands visible
- ☐ Follow the instructions of any police officers
- ☐ Do not attempt to move wounded people
- ☐ Call 911 when you are safe

**2. Hide Out**

If evacuation is not possible, find a place to hide where the active shooter is less likely to find you.

**Your hiding place should:**

- ☐ Be out of the active shooter's view
- ☐ Provide protection if shots are fired in your direction
- ☐ Not trap you or restrict your options for movement

**To prevent an active shooter from entering your hiding place:**

- ☐ Lock the door
- ☐ Blockade the door with heavy furniture

**If the active shooter is nearby:**

- ☐ Lock the door
- ☐ Remain quiet. Silence your cell phone and/or pager.
- ☐ Turn off any source of noise (i.e., radios, televisions)
- ☐ Hide behind large items (i.e., cabinets, desks)

**If evacuation and hiding out are not possible:**

- ☐ Remain calm
- ☐ Dial 911, if possible, to alert police to the active shooter's location. If you cannot speak, leave the line open and allow the dispatcher to listen.

**3. Take action against the active shooter**

As a last resort, and only when your life is in imminent danger, attempt to disrupt and/or incapacitate the active shooter by:

- ☐ Acting as aggressively as possible against them
- ☐ Throwing items and improvising weapons
- ☐ Yelling
- ☐ Committing to your actions

**How to react when law enforcement arrives:**

Law enforcement's purpose is to stop the active shooter as soon as possible. Officers will proceed directly to the area in which the last shots were heard.

- ☐ Remain calm, and follow officers' instructions.
- ☐ Put down any items in your hands (i.e., bags, jackets).
- ☐ Immediately raise hands and spread fingers. Keep hands visible at all times.
- ☐ Avoid making quick movements toward officers such as holding on to them for safety.
- ☐ Avoid pointing, screaming and/or yelling.
- ☐ Do not stop to ask officers for help or direction when evacuating. Proceed in the direction from which officers are entering the premises.

**Information to provide to law enforcement or 911 Operator:**

- ☐ Location of the active shooter
- ☐ Number of shooters, if more than one
- ☐ Physical description of shooter(s)
- ☐ Number and type of weapons held by the shooter(s)
- ☐ Number of potential victims at the location

The first officers to arrive to the scene will not stop to help injured persons. Expect rescue teams comprised of additional officers and emergency medical personnel to follow the initial officers. These rescue teams will treat and remove any injured persons. They may also call upon able-bodied individuals to assist in removing the wounded from the premises.

Once you have reached a safe location or an assembly point, you will likely be held in that area by law enforcement until the situation is under control, and all witnesses have been identified and questioned. Do not leave until law enforcement authorities have instructed you to do so.

### **Shelter-in-Place**

Shelter-in-Place may be directed should there be a danger in the community that could present a danger to the school community or a situation at the school that could harm students or staff if they are outdoors. Incidents could include gas leaks, chemical spills, mountain lions or a predator in the neighborhood.

#### **When instructed or when an alerting system triggers a Shelter-in-Place:**

- ☐ **SHELTER.** Go inside the nearest building or classroom and remain there. Lock the door. You are looking for enclosed protection from the outside. Teachers should quickly check halls and get students into classrooms. Teachers will keep all students in the classroom until the emergency is resolved or directed to evacuate by the Principal and/or Public Safety Responders.
- ☐ **SHUT.** Close all doors and windows. The tighter and more complete the seal the better. Close as many windows and doors between the outside and your shelter-in-place room as possible.
- ☐ **LISTEN.** Remain quiet to hear critical instructions from school officials.

If there is no direction, continue instructional/work activities until the situation resolves or you are directed to do otherwise.

#### **Additional steps for teachers and staff, if appropriate:**

- ☐ Advise students to cover mouth and nose with a damp cloth or handkerchief to protect from any airborne hazards.
- ☐ A school official (or student if no official present) should close all vents and turn off ventilation systems. The goal is to keep inside air in and outside air out. Air conditioners and heating systems bring outside air in.
- ☐ Turn off all motors and fans. Still, non-moving air is best. Turn off anything that creates wind, generates extra heat, or could generate sparks.
- ☐ Advise students to remain sheltered until the **ALL CLEAR** signal is given by a school or local official.

### **Bomb Threat**

Most likely, threats of a bomb or other explosive device will be received by telephone.

#### **The person receiving the bomb threat will:**

- ☐ Attempt to gain as much information as possible when the threat is received.
- ☐ Do not hang up on the caller.
- ☐ Use the "**Bomb Threat Checklist**" form as a guide to collect the information needed. Ask direct, specific questions about the threat. Keep the caller on the phone as long as possible.
- ☐ Immediately after receiving the bomb threat, the person receiving the call will verbally notify the site administrator of the threat received. Complete the **Bomb Threat Checklist** form.
- ☐ Turn off cellular phones and/or walkie-talkie radios (transmits radio waves--could trigger bomb).

#### **Administrator will (if necessary):**

- ☐ Call 911.
- ☐ Notify Superintendent's Office
- ☐ Evacuate involved buildings using fire drill procedures. Principal must have Superintendent's permission to evacuate the entire site.
- ☐ Implement a systematic inspection of the facilities to determine if everyone is out.
- ☐ Fire Department or Police Officers shall organize a search team to check for suspicious objects; a bomb can be disguised to look like any common object. Site employees should be ready to assist as needed.
- ☐ Maintain an open telephone line for communications.
- ☐ Secure all exits to prevent re-entry to buildings during the search period.
- ☐ Be certain people stay clear of all buildings; a bomb(s) may be planted against an outside wall. The blast will be directed in large part away from the building.

- ☐ Re-occupy buildings only when proper authorities give clearance

## **Intruder on Campus**

The campus intruder is defined as a non-student or a student on suspension who loiters or creates disturbances on school property. Intruders are committing the crime of Criminal Trespass. Dangerous and/or concealed weapons are forbidden on school premises unless carried by law enforcement officers.

### **Low Level:**

- ☐ Have the person(s) under suspicion kept under constant covert surveillance.
- ☐ Approach and greet the intruder in a polite and non-threatening manner.
- ☐ Identify yourself as a school official.
- ☐ Ask the intruder for identification. Ask them what their purpose is for being on campus.
- ☐ Advise intruder of the trespass laws. Ask the intruder to quietly leave the campus or invite them to accompany you to the office.
- ☐ If the intruder refuses to respond to your requests, inform them of your intention to summon law enforcement officers.
- ☐ If the intruder gives no indication of voluntarily leaving the premises, notify Police and Administration.

### **If Intruder(s) are on the playground or school grounds during breakfast, lunch time or recess:**

- ☐ Outdoor Supervisors should notify the office by radio and move all students into cafeteria/gym/classrooms unless otherwise directed.
- ☐ Lock exit doors to cafeteria/gym.
- ☐ Issue **SHELTER-IN-PLACE** or **LOCKDOWN** announcement, as appropriate.

## **Hostage Situation**

Staff and students should sit quietly if the situation is in their presence. TRY to remain calm. Staff should set the example if the armed intruder is in their presence by doing anything possible for the staff member and students to survive. If gun fire starts, staff and students should seek cover or begin rapid movement procedures.

- ☐ Do not engage in a conversation or try to persuade the intruder to leave your classroom or school. Remember, you are in an illogical situation so any logical argument may go unheard. The intruder is probably aware of the potential danger that they would be facing if they left the classroom. The intruder may perceive themselves as being sane.
- ☐ If the intruder speaks to you or to your students, then answer him or her. Do not provoke him or her. Don't try to take matters into your own hands. Students should be told not to whisper to one-another, laugh, or to make fun of the intruder. Remember, the intruder is disturbed and probably mentally ill, and more than likely paranoid. Any whispering or laughter may be perceived by the intruder as directed at him or her.
- ☐ Students should be taught to respond on their own when threatened. Incidents can occur which leave no time for signals. If students are outside unable to find access a room, they should, depending on the situation, initiate Action "**TAKE COVER**" position or run in a zig-zag fashion to the staging areas and STAY CALM.
- ☐ If and when possible, call Administration and/or 911

## **Poisoning, Chemical Spills, Hazardous Substances, Severe Weather**

### **Poisoning:**

#### **If a student ingests a poisonous substance:**

- ☐ Call Poison Control Center Link Line 1-800-222-1222. Take appropriate first aid measures.
- ☐ Call parents.
- ☐ Notify the Health Services Office and Superintendents' Office.

### **Chemical spills:**

#### **The following are guidelines for Chemical Spills:**

- ☐ Evacuate the immediate area of students and personnel.
- ☐ Determine whether to initiate Shelter-in-Place Protocol.

- ☐ Secure the area (block points of entry).
- ☐ Identify the chemical and follow the procedures for that particular chemical.
- ☐ Notify the District Office.

### **Reporting Chemical Spills**

Once an emergency spill response has been completed, the person reporting the initial spill must complete a **SPILL RESPONSE EVALUATION**. The incident must be reported to the Superintendent and Administrative Services **WITHIN 24 HOURS OF THE SPILL**.

### **Spill Clean Up**

Chemical Spills may not be cleaned up by school personnel. Call Maintenance and Operations and/or Administrative Services. The cleanup will be coordinated through a designated contractor as determined by Maintenance and Operations.

### **Hazardous Substances**

**Hazardous Substances include, but are not limited to, the following:**

- Lacquer Thinner
- Gasoline/Diesel Fuel
- Solvents
- Paint
- Motor Oil
- Agricultural Spray
- Paint Thinner
- Kerosene
- Stain
- Anti-Freeze
- Airborne Gases/Fumes
- Brake Fluid

**Always call for assistance and:**

- Extinguish all ignition sources.
- Shut off main emergency switch to fuel pump, if appropriate.
- Move appropriate fire extinguishing equipment to area.
- If possible, contain the spill to prevent further contamination.
- Evacuate students and staff away from contamination area, if appropriate. Move uphill, upwind, or upstream, if possible.

### **Severe Weather**

#### **Lightning**

- ☐ Immediately seek shelter indoors if you cannot count to 30 after seeing a flash of lightning and hearing a crack of thunder.
- ☐ Close windows and blinds. Move everyone away from windows.
- ☐ Take attendance. List any missing students or staff members and their possible locations.
- ☐ Students and staff should be kept indoors until 30 minutes after the last thunder clap is heard.
- ☐ Call 911 if any student or staff member is struck by lightning.

#### **High Heat**

Weather conditions vary from one end of the district to the other. To this end, high heat warnings issued out of the district office may not always apply to your particular school location. Each site is encouraged to monitor weather related occurrences locally. There are online tools such as Weather Underground ([www.wunderground.com](http://www.wunderground.com)), Weather Bug ([www.weatherbug.com](http://www.weatherbug.com)), the National Weather Service ([www.weather.gov](http://www.weather.gov)) to name just a few and most have apps for the various smartphones available. This puts the information needed directly into your hands relative to making a sound

decision for calling an inclement weather schedule, which has always been and still is, at the site's discretion. In extreme circumstances, such as Very High or Dangerous risk levels (98° and above) a Shelter-in-Place order may be justified.

The following guidelines are for high temperature incidents. Keep in mind that the heat index is a combination of temperature and humidity.

### **Heat Guidelines**

When the heat index temperatures are rated as being "High" (80°-98°), the following precautions should be observed:

- ☐ Students and staff shall be encouraged to wear light clothing
- ☐ Students and staff physical activity, both indoors and outdoors shall be limited
- ☐ Students and staff shall be encouraged to remain in areas protected from the sun
- ☐ Students and staff shall be encouraged to drink large amount of liquids

### **Poor Air Quality**

In the event of poor air quality (smoke, heavy smog) the Air Quality Management District (AQMD) will notify the district and that information will then be forwarded to school sites and appropriate departments of the district. When the school are notified of a smoke alert, either by AQMD or the City of Riverside or the County of Riverside Department of Emergency Management outdoor activities should be kept at a minimum.

### **Recommendations Regarding Air Quality**

- ☐ **Unhealthful Air – PSI (Pollutant Standards Index) of 100:** At this unhealthful level, susceptible individuals, such as those with heart or lung disease, asthma, or some other type of compromised respiratory system, should minimize outdoor activity.
- ☐ **Unhealthful Air – Health Advisory Episode – PSI of 138:** At this unhealthful level, everyone, including healthy adults and children, should avoid prolonged, vigorous outdoor exercise. Susceptible individuals, especially those with heart or lung disease, asthma, or some other type of compromised respiratory system, should avoid outdoor activity.
- ☐ **1st Stage Episode – PSI of 200:** At this very unhealthful level, everyone, including healthy adults and children, should avoid vigorous outdoor exercise. Susceptible persons, especially those with heart or lung disease, asthma, or some other type of compromised respiratory system, should stay indoors.

### **Curtailment of Physical Activity of Students during Smog Episode and/or High Heat Level Period**

- ☐ **Notification and Dissemination**
  - If a notification of a predicted smog or smoke episode for the following day is received before the end of the school day and/or staff working day, principals and supervisors shall advise staff members present. School staff shall be prepared to modify programs requiring students' prolonged or strenuous physical activities on the day of the predicted smog episodes.
  - Upon receipt of notification that a smog episode has occurred, each principal or designee shall be responsible for notifying all students and staff members present at their site that an episode has been declared. The principal or designee shall be responsible for notifying employees working in the gymnasium, cafeteria and custodial rooms.
  - Once a smog or smoke episode has been declared and the notification transmitted to the school offices, the procedures required by these regulations shall remain in effect until notification has been received in the principal's office that the episode has ended.

## Drills

### Earthquake Drills

The earthquake emergency procedure system shall include, but not be limited to, all of the following:

1. A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of students and staff.
2. A drop procedure whereby each student and staff member takes cover under a table or desk, dropping to their knees, with the head protected by the arms, and the back to the windows. A drop procedure practice shall be held at least once each school quarter in elementary schools and at least once a semester in secondary schools.
3. Protective measures to be taken before, during, and following an earthquake.
4. A program to ensure that the students and both the certificated and classified staff are aware of, and properly trained in, the earthquake emergency procedure system.

Whenever an earthquake alarm is sounded, all students, teachers and other employees shall immediately begin Drop, Cover and Hold procedures:

- ☐ **DROP** down on the floor.
- ☐ Take **COVER** under a sturdy desk, table or other furniture with backs to the windows. Protect head and neck with arms.
- ☐ **HOLD** onto the furniture and be prepared to move with it.
- ☐ Stay in this position for at least one minute or, in a real situation, until shaking stops.

Evacuations shall occur when directed over the loud speaker by the Principal or designee. When evacuations are included as part of the drill, appropriate non-hazardous alternate routes, avoiding building overhangs, electrical wires, large trees, covered walkways, etc., shall be utilized by staff and students in order to reach the designated evacuation areas.

Students are to remain with their teacher in the evacuation area. Teachers shall take their roll books, take attendance once in the evacuation area, and be prepared to identify missing students to administrators and first responders.

Upon sounding of the all clear, students and staff return to their appropriate classroom and the teacher takes attendance once more. Missing students are reported to the attendance office.

### Fire Drills

Principals shall hold fire drills at least once a month in all elementary and middle schools and at least twice each school year at all high schools. (Code of Regulations, Title 5, Section 550)

1. Whenever the fire alarm is given, all students and staff shall quickly leave the building in an orderly manner. Teachers shall ascertain that no student remains in the building.
2. Designated evacuation routes shall be posted in each room. Teachers shall be prepared to select alternate exits and direct their classes to these exits in the event the designated evacuation route is blocked.
3. Evacuation areas will be established away from fire lanes.
4. Students are to remain with their teacher in the evacuation area. Teachers shall take their roll books, take attendance once in the evacuation area, and be prepared to identify missing students to administrators and/or fire marshals/designees.
5. Upon sounding of the **ALL CLEAR**, students and staff return to their appropriate classroom and the teacher takes attendance once more. Missing students are reported to the attendance office.
6. The principal or designee shall keep a copy of each drill conducted on the Emergency Drill Report form and file a copy with Student Services.

## Medical Emergencies

Calmly and carefully, assess the medical emergency you are faced with. Take only those measures you are qualified to perform.

You should always wear latex or rubber gloves to prevent contact with bodily fluids.

### Rescue Breathing

- ☐ Gently tilt the head back and lift the chin to open the airway.
- ☐ Pinch the nose closed.
- ☐ Give two slow breaths into the mouth.
- ☐ Breathe into an adult once every five seconds, and for children or infants breathe gently once every three seconds.
- ☐ If you are doing the procedure correctly, you should see the chest rise and fall.

### To Stop Bleeding

- ☐ Apply direct pressure to the wound.
- ☐ Maintain the pressure until the bleeding stops.
- ☐ If bleeding is from an arm or leg, and if the limb is not broken, elevate it above the level of the heart.
- ☐ If limb appears to be broken, minimize any movement, but take what measures are necessary to stop the bleeding.

### Treatment for Shock

- ☐ Do whatever is necessary to keep the person's body temperature as close to normal as possible.
- ☐ Attempt to rule out a broken neck or back.
- ☐ If no back or neck injury is present, slightly elevate the person's legs.

### Choking

- ☐ Stand behind the person.
- ☐ Place the thumb side of one of your fists against the person's abdomen, just above the navel and well below the end of the breastbone.
- ☐ Grasp your fist with your other hand, give an abdominal thrust.
- ☐ Repeat until the object comes out.
- ☐ If required, begin rescue breathing.

### Triage Guidelines

Triage is defined as the sorting of patients into categories of priority for care based on injuries and medical emergencies. This process is used at the scene of multiple-victim disasters and emergencies when there are more victims than there are rescuers trained in emergency care.

Incidents that involve large numbers of casualties, and have a delay in the response time of emergency medical services, require a special form of triage. The modified triage system that is in most common use is the **S.T.A.R.T. (Simple Triage And Rapid Treatment)** Plan. In this plan, patients are triaged into very broad categories that are based on the need for treatment and the chances of survival under the circumstances of the disaster. These categories are listed below:

TRIAGE Priorities	
Highest Priority - RED TAG	
1.	Airway and breathing difficulties
2.	Cardiac arrest
3.	Uncontrolled or suspected severe bleeding
4.	Severe head injuries
5.	Severe medical problems
6.	Open chest or abdominal wounds
7.	Severe shock
Second Priority - YELLOW TAG	
1.	Major multiple fractures
2.	Back injuries with or without spinal cord damage
Third Priority - GREEN TAG	
1.	Fractures or other injuries of a minor nature
Lowest Priority - BLACK	
2.	Obviously mortal wounds where death appears reasonably certain
3.	Obviously deceased

### S.T.A.R.T Plan Triage Checklist

This method allows rapid identification of those patients who are at greatest risk for early death and the provision for basic life-saving stabilization techniques.

#### Initial contact

- ☐ Identify self, and direct all patients who can walk to gather and remain in a safe place. Tag these people **GREEN**
- ☐ Begin evaluating the non-ambulatory patients where they are lying.

#### Assess respiration (normal, rapid, absent)

- ☐ If absent, open airway to see if breathing begins
- ☐ If not breathing, tag **BLACK** (dead) DO NOT PERFORM C P R
- ☐ If patient needs assistance to maintain open airway, or respiratory rate is greater than 30 per minute, tag **RED** (attempt to use a bystander to hold airway open)
- ☐ If respiration is normal, go to next step

#### Assess perfusion (pulse, bleeding)

- ☐ Use the capillary refill test and check radial (wrist) pulse
- ☐ If capillary refill test is greater than 2 seconds, or radial pulse is absent, tag **RED**
- ☐ If capillary refill is less than 2 seconds, or radial pulse is present, go to next step.
- ☐ Any life threatening bleeding should be controlled at this time, and if possible, raise patient's legs to treat for shock (attempt to use a bystander to hold pressure/bleeding control)

#### Assess Mental Status (commands, movement)

- ☐ Use simple commands/tasks to assess
- ☐ If patient cannot follow simple commands, tag **RED**

- ❑ If patient can follow simple commands, they will be tagged **YELLOW** or **GREEN**. This will depend on other conditions, where their injuries will determine the priority of YELLOW versus GREEN (i.e. multiple fractures would require a higher level of treatment than superficial lacerations)

### **Automated External Defibrillator (AED)**

All school sites are equipped with at least one Automated External Defibrillator (AED). Effective AED programs are designed to deliver a shock to a victim within three to five minutes after the person collapses. AEDs can be placed near elevators, cafeterias, main reception areas, in secured or restricted access areas, and on walls in main corridors. The AEDs are located in the following areas:

Arizona Middle School has two Automated External Defibrillator's (AED's) on campus: One AED is located in the Arizona Main Office and another AED is located in the School Library.

### **Operation Summary**

1. Confirm patient is unconscious, no breathing, no pulse.
2. Turn on the AED and follow the voice & visual prompts.
3. Attach electrode pads to patient's bare chest (male or female) as indicated.
4. Stop CPR and do not touch patient while AED analyzing.
5. Deliver a shock by pressing flashing red light if indicated.
6. Continue 2 minute cycles with CPR between shocks if victim is still not breathing until help arrives.

## Mass Casualty

In the event of a Mass Casualty Incident (MCI):

- ☐ Determine what the problem is and call 911 for local emergency services.
  - o Note: A casualty is a victim of an accident or disaster.
- ☐ Identify the problem and give the school address.
- ☐ Site administrators decide whether or not to activate the School Site Disaster First Aid Team protocols (See School Site Disaster Plan).
- ☐ Determine if problem will continue or if it is over.
- ☐ Notify Superintendent's Office.
- ☐ School representative will meet Incident Command Officer (Fire Department or Police Official) who will determine exact nature of incident.
- ☐ Site administrators/First Responders will implement Mass Casualty Tracking Protocols as appropriate to the situation.
- ☐ Keep calm, reassure students.
- ☐ Fire Department will notify appropriate agencies for additional help.
- ☐ Crisis Team will convene.

## Order of Succession

The public has the right and need to know important information related to an emergency or disaster at the school site as soon as it is available. The Principal/Designee will act as the office spokesperson for the school site in an emergency situation. As such, all inquiries must be directed to the Principal/Designee. Under no circumstances should staff release any information regarding the situation without first clearing it with the Principal/Designee.

The Superintendent/Designee will act as the official spokesperson for the District in an emergency situation. As such, all inquiries must be directed to the Superintendent/Designee. Under no circumstances should staff release any information regarding the situation without first clearing it with the Superintendent/Designee.

The news media can play a key role in assisting the school site dissemination emergency or disaster related information to the public. Representatives of new media are, therefore, treated with the respect warranted for the role. Each site needs to identify on its Site Disaster/Emergency Preparedness Map a pre-established Media Reporting Check-In location.

Questions from news representatives are answered completely and truthfully to the extent possibly from information available; however, issues of confidentiality need to be considered as well as legal issues, chain reactions, and emotional impact.

Again, under no circumstance should staff release any information regarding the situation without first clearing it with the Superintendent/Designee.

### Order of Succession

In case of the Incident Commanders absence or injury at the time of an emergency/disaster, there must be an order of succession at each school site. The order of succession for the Incident Commander Center will be:

1. Principal – Jeffrey Diulio
2. Administrative Designee – Nayeli Martinez (Assistant Principal)
3. Administrative Designee/Other – Ujima Thompson (OCI Facilitator)
4. Administrative Designee/Other – Maureen Snyder (Counselor)

Should any of these people move to the Incident Command position, other staff will have to be assigned to fill the role previously designated to them.

**Even though employees have a team assignment for purposes of this plan, each employee must be prepared to fill another role if called on to do so during an actual emergency.**

See attachments for school map with staging areas.

**COVID-19 MITIGATION PLAN (continued)**

*(cf. 6179 - Supplemental Instruction)*

For students with disabilities, the evaluation of academic progress shall also be used to determine whether an additional or revised individualized education program (IEP) or Section 504 plan is needed for the student to be academically successful when returning to on-campus instruction. The Superintendent or designee may prioritize urgent student need in scheduling initial and triennial assessments and annual IEP meetings. The Superintendent or designee shall ensure district compliance with all procedural timelines for IEPs and Section 504 plans as required, unless amended by executive order.

*(cf. 5121 - Grades/Evaluation of Student Achievement)*

**Health Screening of Students**

To the extent feasible, students shall be screened for COVID-19 symptoms before boarding a school bus and/or upon arrival at school each day. The Superintendent or designee shall work with local health officials to determine the appropriate means of screening, which may include temperature checks with a no-touch thermometer.

If the screening indicates a fever or other COVID-19 symptoms, or if the student exhibits symptoms at any time during the school day, the student shall be placed in a supervised isolation area until the student's parent/guardian is contacted and the student can be transported home or to a health care facility. Students who are identified as being in a high-risk population for serious complications from COVID-19 because of a medical condition may request assessment and accommodations under Section 504 and/or an alternative instructional method that allows the student to continue receiving instruction off campus.

When a student is absent, the student's parent/guardian shall notify the school of the reason for the absence. A physician's verification of a student's illness or quarantine may be submitted, but is not required.

*(cf. 5113 - Absences and Excuses)*

If a student would otherwise be required to attend on-campus instruction but is kept home by the parents/guardians due to concerns for the welfare of their child, the principal or designee shall work with the student and parent/guardian to find alternative means of instruction, which may include distance or blended learning, independent study, printed class assignments, or other reasonable means.

*(cf. 6154 - Homework/Makeup Work)*

The Superintendent or designee shall maintain enrollment and student attendance data, including the participation of students in distance learning, and shall report data in accordance with state requirements.

The district employee designated as the attendance supervisor pursuant to Education Code 48240 shall track patterns of student absence throughout the district and regularly report such information to the Superintendent. 2. Stagger students in areas of high traffic, such as when students are using lockers, lining up for class, or passing between classes
3. Mark six-foot boundaries within classrooms, common areas, outdoor spaces, and places where students are likely to gather so that students and staff are more readily aware of and can more easily abide by social distancing requirements
4. Utilize restroom stalls and sinks in a manner that allows for social distancing, such as limiting the number of students and/or staff who may use the restroom at a time, blocking off every other stall or sink from use, and/or marking six-foot boundaries
5. Minimize the mixing of students from different classrooms in common spaces, such as in cafeterias and libraries
6. Conduct recess and physical education classes in a manner that allows for social distancing and minimizes the use of physical education equipment
7. Assess the capacity of school buses and develop a plan for bus routes and bus seating consistent with social distancing objectives

*(cf. 3540 - Transportation)*

*(cf. 3543 - Transportation Safety and Emergencies)*

8. Encourage students to walk, bicycle, or travel by private vehicle to reduce the number of students traveling on school buses. Schools may provide designated areas with proper distancing for bicycles to be stored during the school day, and may mark spaces for private vehicle drop-off and pick-up zones.

The Superintendent or designee may grant an exception if an activity can be arranged to take place in phases or per class, or modified in a manner that would keep participants from violating social distancing recommendations. When deciding whether an activity may resume, the Superintendent or designee may consider the size of the group that participates, the extent to which the students and other attendees have physical contact, whether the activity can be modified to avoid physical contact, if shared equipment is required for the activity, and if social distancing can be maintained.

*(cf. 6145 - Extracurricular and Cocurricular Activities)*

*(cf. 6145.2 - Athletic Competition)*

*(cf. 6153 - School-Sponsored Trips)*

**Personal Protective Equipment and Hygiene Practices**

If the use of PPE in schools is required by state or local health officials, the district shall provide PPE to students and staff who do not bring their own personal PPE. Students and staff shall be provided instruction in the proper use, removal, disposal, and cleaning of PPE.

Face coverings shall not be required for children younger than two years, or for anyone who has trouble breathing or is incapacitated or otherwise unable to remove the covering without assistance. Reasonable accommodations shall be made for anyone who is unable to wear a face covering for medical reasons.

The Board also encourages students and staff to practice good hygiene, such as appropriate covering of coughs and sneezes and regular hand washing of at least 20 seconds, including before eating and after blowing one's nose, coughing, or sneezing. The district shall provide adequate time and opportunity for students to wash hands, and shall make hand sanitizer available in areas where handwashing is less accessible. ### **Food Services**

The Superintendent or designee shall ensure that students have access to clean drinking water other than through a drinking fountain, and food which is procured, stored, and served in a manner that reduces the likelihood of COVID-19 transmission and follows state and national guidelines for nutrition.

*(cf. 3550 - Food Service/Child Nutrition Program)*

In order to do so, the Superintendent or designee may consider the consumption of meals in classrooms, gyms, the outdoors, and/or other district grounds.

Meal service shall also be available to students participating in distance learning, which may include and/or entirely consist of a "grab and go" service or delivery.

Due to the changing financial circumstances of many families as a result of COVID-19, the Superintendent or designee shall regularly provide information to students and parents/guardians regarding the free and reduced-price meal program, eligibility, and how to apply for the program.

*(cf. 3553 - Free and Reduced Price Meals)*

### **Staff**

Prior to reopening campuses, the Superintendent or designee shall review staff assignments and, upon request, may reassign employees to reduce exposure to the virus, especially for high-risk staff. When feasible for the position, employees may be granted a remote work assignment.

*(cf. 4151/4251/4351 - Employee Compensation)*

Any employee who contracts the virus, shows symptoms of possible infection, or is caring for someone who has been diagnosed with the virus shall self-quarantine for the period of time recommended by health authorities in order to prevent the spread of the disease to students or other staff.

**COVID-19 MITIGATION PLAN (continued)**

An employee may use personal illness and injury leave and/or family care and medical leave, as applicable, if the employee is unable to work or telework because the employee is ill or needs to take care of a spouse, parent/guardian, or child with COVID-19 or other serious health condition. (Education Code 44978, 45191; Government Code 12945.1-12945.2; Labor Code 245-249; 29 USC 2601-2654)

*(cf. 4261.1 - Personal Illness/Injury Leave)*

Until December 31, 2020, an eligible employee may take paid sick leave for up to 80 hours, or the number of hours that a part-time employee works on average over a two-week period, if the employee is unable to work or telework because the employee is: (29 USC 2601)

1. Subject to a federal, state, or local quarantine or isolation order related to COVID-19
2. Advised by a health care provider to self-quarantine due to concerns related to COVID-19
3. Experiencing symptoms of COVID-19 and seeking a medical diagnosis
4. Caring for an individual who is subject to a federal, state, or local quarantine or isolation order or has been advised by a health care provider to self-quarantine

6. Experiencing any other substantially similar condition specified by the U.S. Department of Health and Human Services

Employees shall be paid their regular rate of pay for leave taken pursuant to items #1-3 above, or two-thirds their regular rate of pay for leave taken pursuant to items #4-6 above, within the limits specified in law. (29 USC 2601)

For the purpose specified in item #5 above, eligible employees who have been employed by the district for at least 30 calendar days shall be granted extended leave for up to 12 work weeks upon request. The first 10 days of such leave shall be unpaid unless the employee uses accrued vacation leave, personal leave, sick leave, or paid sick leave granted pursuant to 29 USC 2601. After the first 10 days, the district shall pay not less than two-thirds of the employee's regular pay for the number of hours per week the employee normally works, with a maximum of \$200 per day and \$10,000 for the total period. Eligibility for extended leave for this purpose is subject to the employee's eligibility for leave pursuant to the Family and Medical Leave Act. (29 USC 2601, 2620)

The district shall post, in conspicuous places where employee notices are customarily posted, a notice prepared by the U.S. Department of Labor regarding the requirements of 29 USC 2601 and 2620. (29 USC 2601)

**COVID-19 MITIGATION PLAN (continued)****Follow-Up with Infected Persons/Contact Tracing**

The Superintendent or designee shall work with county health officials to track confirmed cases of students and staff with COVID-19, including, but not limited to, following up with students, their parents/guardians, and staff who exhibit symptoms while at school and those who report an absence or miss work due to illness. The Superintendent or designee shall report confirmed cases to local health authorities.

If a student, family member of a student, or staff member has tested positive for COVID-19, the district shall assist local health officials in conducting contact-tracing to identify potentially exposed individuals and ask them to self-quarantine, which may include not participating in on-campus instruction. While maintaining the privacy of the infected person, the district shall inform other students and staff with whom the infected person may have had contact in school.

**Nondiscrimination**

The Board prohibits discrimination based on actual or perceived medical condition or disability status. (Government Code 11135)

*(cf. 0410 - Nondiscrimination in District Programs and Activities)*

Individual students and staff shall not be identified as being COVID-positive, nor shall students be shamed, treated differently, or denied access to a free and appropriate public education because of their COVID-19 status or medical condition. Staff shall not disclose confidential or privileged information, including the medical history or health information of students and staff. (Education Code 49450)

*(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)*

The Superintendent or designee shall investigate any reports of harassment, intimidation, and bullying targeted at any student based on COVID status, exposure, or high-risk status.

*(cf. 1312.3 - Uniform Complaint Procedures)*

*(cf. 5131.2 - Bullying)*

*(cf. 5145.3 - Nondiscrimination/Harassment)*

**Community Relations**

The Superintendent or designee shall use a variety of methods to regularly communicate with students, parents/guardians, and the community regarding district operations, school schedules, and steps the district is taking to promote the health and safety of students. In addition, the members of the Board have a responsibility as community leaders to communicate matters of public interest in a manner that is consistent with Board policies and bylaws regarding public statements.

*(cf. 1100 - Communication with the Public)*

*(cf. 1112 - Media Relations)*

*(cf. 9010 - Public Statements)*

**COVID-19 MITIGATION PLAN (continued)**

The district shall continue to collaborate with local health officials and agencies, community organizations, and other stakeholders to ensure that district operations reflect current recommendations and best practices for keeping students, staff, and visitors safe during the COVID-19 state of emergency. The Superintendent or designee shall keep informed about resources and services available in the community to assist students and families in need.

*(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)*

*(cf. 1700 - Relations Between Private Industry and the Schools)*

While the Board recognizes the rights of parents/guardians to participate in the education of their children and the critical importance of parental involvement in the educational process, all visitors and volunteers are encouraged to respect guidelines regarding social distancing and large gatherings. School visitors and volunteers shall be limited in number and expected to observe all district protocols for COVID-19. The Superintendent or designee may place signage around the school advising that visitors and volunteers may be required to use PPE while on school sites and interacting with school personnel, and may keep a supply of such equipment available for their use.

*(cf. 1240 - Volunteer Assistance)*

*(cf. 1250 - Visitors/Outsiders)*

Use of school facilities by persons or organizations for community purposes involving large gatherings shall be suspended until the Board determines, consistent with guidance from state and local health officials, that it is safe to resume such activities. The Superintendent or designee may only grant an exception if the number of participants in the activity will be limited and the person or organization follows the processes and protocols established by the district to minimize the health risks associated with COVID-19.

*(cf. 1330 - Use of School Facilities)*

**Potential Reclosure of Campus**

The district shall monitor student and staff absences and data provided by local health officials to determine if there is a risk of resurgence of COVID-19 and a need to reclose school campuses for the protection of students, staff, and the community. The Superintendent or designee shall develop plans and procedures for alternative methods of operations to the extent possible in the event that reclosure becomes necessary.

If any person diagnosed with COVID-19 is known to have been in district building(s), the Superintendent or designee shall immediately notify local health officials to determine a course of action. The building should be closed until cleaning and disinfecting of the building can be completed and the district can consult with local health officials to determine, based on up-to-date information about the specific cases in the community, whether an extended closure is needed to stop or slow further spread of COVID-19.

**COVID-19 MITIGATION PLAN (continued)**

If local health officials report that there has been no community transmission of COVID-19, or minimal to moderate transmission in the community, school campuses may not necessarily be closed, but the district shall continue to take all preventative measures described in this policy.

If local health officials report substantial community transmission of COVID-19, campus closures of more than two weeks may be necessary, and the Superintendent or designee shall cancel group activities and events during that period. Campuses shall not reopen until recommended by local health officials.

Policy adopted: September 10, 2020

**SEARCH AND SEIZURE**

The Board of Education is fully committed to promoting a safe learning environment and, to the extent possible, eliminating the possession and use of weapons, illegal drugs, and other controlled substances by students on school premises and at school activities. As necessary to protect the health and welfare of students and staff, school officials may search students, their property, and/or district property under their control and may seize illegal, unsafe, or otherwise prohibited items.

*(cf. 0450 - Comprehensive Safety Plan)*  
*(cf. 3515 - Campus Security)*  
*(cf. 3515.3 - District Police/Security Department)*  
*(cf. 5131 - Conduct)*  
*(cf. 5131.7 - Weapons and Dangerous Instruments)*  
*(cf. 5144.1 - Suspension and Expulsion/Due Process)*

The Board urges that employees exercise discretion and good judgment. When conducting a search or seizure, employees shall act in accordance with law, Board policy, and administrative regulation.

*(cf. 0410 - Nondiscrimination in District Programs and Activities)*  
*(cf. 1312.1 - Complaints Concerning District Employees)*  
*(cf. 5145.3 - Nondiscrimination/Harassment)*

The Superintendent or designee shall ensure that staff who conduct student searches receive training regarding the requirements of the district's policy and administrative regulation and other legal issues, as appropriate.

*(cf. 4131/4231/4331 - Staff Development)*

**Individual Searches**

School officials may search individual students and their property, or district property under his/her control when there is a reasonable suspicion that the search will uncover evidence that the student is violating the law, Board policy, administrative regulation, or other rules of the district or the school. Reasonable suspicion shall be based on specific and objective facts that the search will produce evidence related to the alleged violation. The types of student property that may be searched by school officials include, but are not limited to, lockers, desks, purses, backpacks, student vehicles parked on district property, cellular phones, or other electronic communication devices.

Any search of a student, his/her property, or district property under his/her control shall be limited in scope and designed to produce evidence related to the alleged violation. Factors to be considered by school officials when determining the scope of the search shall include the danger to the health or safety of students or staff, such as the possession of weapons, drugs, or other dangerous instruments, and whether the item(s) to be searched by school officials are reasonably related to the contraband to be found. In addition, school officials shall consider the intrusiveness of the search in light of the student's age, gender, and the nature of the alleged violation.

## **SEARCH AND SEIZURE (continued)**

Employees shall not conduct strip searches or body cavity searches of any student. (Education Code 49050)

Searches of individual students shall be conducted in the presence of at least two district employees.

When possible, staff shall use a metal detector when searching an individual for weapons.

The district shall notify the parent/guardian of a student subjected to an individualized search as soon after the search as possible.

*(cf. 5145.11 – Questioning and Apprehension)*

### **Student Lockers**

Because lockers are under the joint control of the student and the district, school officials shall have the right and ability to open and inspect any school locker without student permission when they have reasonable suspicion that the search will disclose evidence of illegal possessions or activity or when odors, smoke, fire and/or other threats to student health, welfare or safety emanate from the locker.

For health and safety reasons, a general inspection of school properties such as lockers and desks may be conducted on a regular, announced basis, with students standing by their lockers or desks. Any items contained in a locker shall be considered to be the property of the student to whom the locker was assigned. Notice of this policy shall be given to all students when lockers are assigned.

### **Random Use of Metal Detectors**

The Board finds that the growing presence of weapons in the schools threatens the district's ability to provide the safe and orderly learning environment to which our students and staff are entitled. The Board also finds that random metal detector searches offer a reasonable means to keep weapons out of the schools and mitigate the fears of students and staff.

The Superintendent or designee shall establish procedures which ensure that metal detector searches are conducted in a random fashion which excludes individual discretion as to who will be searched.

*(cf. 0450 – Comprehensive Safety Plan)*

*(cf. 5131.7 – Weapons and Dangerous Instruments)*

*(cf. 5144.1 – Suspension and Expulsion/Due Process)*

### **Use of Contraband Detection Dogs**

In an effort to keep the schools free of drugs, the district may use specially trained nonaggressive dogs to sniff out and alert staff to the presence of substances prohibited by law or district policy.

## SEARCH AND SEIZURE (continued)

The dogs may sniff the air around lockers, desks, bags, items or vehicles on district property or at district-sponsored events. Dogs shall not sniff within the close proximity of any students or other persons and may not sniff any personal items on those persons without their consent.

The above inspections shall be unannounced and may be made at the discretion of the Superintendent or designee.

Students and parents/guardians shall be informed of this policy at the beginning of each school year.

**SEARCH AND SEIZURE****Individual Searches**

Searches shall be made in the presence of at least two district employees.

Employees shall not conduct strip searches or body cavity searches. (Education Code 49050)

**Random Use of Metal Detectors**

The use of metal detectors in searches is intended to minimize the intrusion of privacy, deter the presence of weapons and thereby reduce violence and serious injury in schools. The search procedure may include particular individuals involved in a specific incident, all individuals entering a school or a random sampling of individuals entering the school during the regular school day or a school-related activity outside of the regular school day. The procedure is not to be used to focus on particular individuals (without reasonable suspicion) nor is the procedure to be used in situations or activities outside of the authority of the school principal without the authorization of the superintendent or is/her designee.

The following guidelines govern the use of metal detectors in searches:

1. Intrusion of Privacy. Every effort must be made to minimize the intrusion of privacy from metal detector scans. The metal detector is used only to determine whether a further physical search is necessary. Students or individuals who do not activate the metal detector would not be the subject to any further search without reasonable cause.
2. Prior Notice. The school principal shall provide each student and his or her parents or guardians with advance written notice that metal detector searches will take place under specified circumstances at school or school-related activities. Such circumstances could include:
  - a. Upon arrival to the school campus.
  - b. Upon entrance into a special event or athletic contest.
  - c. Upon reasonable suspicion that a student or individual is in possession of a weapon or other dangerous device.
3. Minimize Intrusion. In addition to prior notice, other steps will be employed with the goal of minimizing the intrusion into privacy during each phase of a search. Such steps shall include:
  - a. Asking students/individuals to empty their pockets and belongings of all metal objects prior to scanning.
  - b. Conducting a second scanning after a metal detector activation occurs.
  - c. If the activation is not eliminated or explained, it may be necessary to expand the scope of search through a "physical frisk." (See "Procedures for Physical/Possession search").

**SEARCH AND SEIZURE (continued)**

- d. Students or individual will be escorted to a private area (i.e. office or empty classroom) for any physical frisk and shall be conducted by a staff member of the same gender as the student in the presence of another district employee.
  - e. The search shall be limited to the detection of the cause of the activation.
4. Random Application of Established Procedures. A random search of students or entrants to the school or activities may be conducted as long as arbitrary discretion is not employed in selecting which specific persons shall be searched. The administrator/principal may select a number or pattern for the searches (for example, fourth person entering the school or school-related activity would be subjected to the metal detector scanning). Variations from the established pattern are required to be logged.
5. Search Procedures. The purpose of the metal detector scan is to prevent weapons and other dangerous devices from entering the school or location where a school-related activity is being held. At all times, the degree and nature of the search are not to go beyond what is necessary to allow staff to discharge its responsibility.
- a. The principal/designee must be present to observe the scanning of students of other individuals. Where there is more than one scanning site, designees shall be assigned at the direction of the principal to ensure proper coordination of the scan procedure and follow-up activities assigned at the direction of the principal to ensure proper coordination of the scan procedure and follow-up activities.
  - b. Only trained school personnel shall be allowed to conduct a metal detector scan.
  - c. All individuals entering the building, campus or designated area (i.e., football field) may be scanned; however, when necessary, the principal may elect not to scan every person. In such cases, the principal will determine the proportion of persons to be scanned on a random basis.
  - d. Under no circumstances may school officials select a particular individual(s) to be scanned unless there is reasonable suspicion to believe that the individual(s) is in possession of a weapon or dangerous device.
  - e. All changes to the scan ratio and exceptions to be established ratio must be logged by the principal/designee. The log entry must indicate the person authorizing the change or exception and the time and reason for the change.
  - f. Efforts shall be made during the scanning process to avoid having the scanning equipment come into contact with the individual being scanned.
  - g. The school personnel conducting the scan will greet the individual to be scanned, explain the process and give directions when necessary.

**SEARCH AND SEIZURE (continued)**

- h. The school personnel will request individuals prior to scanning to remove metal objects from their pockets and lay these items on a table or tray.
  - i. Individuals refusing to cooperate with school personnel conducting a scan shall be referred to the principal/designee, who will explain the purpose of the scanning program and ask the individual's cooperation. The individual shall be asked to participate in an alternative search (i.e., emptying of pockets, visual search of purses or book bags, or "physical frisk"). The principal/designee may instruct a parent/guardian of the individual (if a minor) to explain the scanning program and seek their cooperation. Under no circumstances should a student or individual who refuses to cooperate be denied admission or sent home from an activity governed by course requirements or mandatory attendance laws in the absence of any other violation of school policies or regulations.
  - j. If a pregnant individual or an individual for whom scanning is medically inadvisable does not wish to be scanned with the metal detector, he/she shall be referred to the principal/designee for appropriate action as above (i).
6. Responses to Activation of the Metal Detector
- a. Purse or bag – If the scanner is activated while scanning a bag, purse or parcel, its owner will be requested to open the bag, purse or parcel. The school personnel conducting the scan shall examine the contents for weapons or other dangerous devices.
  - b. If the metal detector activates on a person and the source of the alarm is not apparent (e.g., jewelry or belt buckle), the school personnel conducting the scan will direct the individual to remove any remaining metal object from his/her person and will conduct a second scan. If the detector activates again, the principal/designee shall direct the individual to a separate and private area to conduct an expanded search.
  - c. The expanded search shall be conducted only in the area of the body which activated the metal detector. The search shall commence with the "patting" of the individual's external clothing where a weapon or dangerous device can be reasonably concealed (pockets, belts, under arms, etc.).
  - d. If the school personnel conducting the search feels an object which may have activated the metal detecting device, that person shall ask the individual to remove the object. If the individual refuses to remove the object, the school personnel is authorized to remove the object.
  - e. If the object voluntarily provided by the individual or removed from the individual could have activated the metal detector, the school personnel must cease performing the search. The school personnel will then scan the individual again and the search will be continued only if the metal detector again is activated during the scan of that individual.

**SEARCH AND SEIZURE (continued)**

- f. All property removed from an individual which is not prohibited by law, California Education Codes, Governing Board policy or school rules and regulations shall be returned to the individual upon completion of the search.
- 7. Expanded Search. An expanded search may be required upon unexplained activation of the metal detector and shall be conducted in accordance with "Procedures for Physical/Possession Search." If, during a "physical frisk," unexplained objects or bulges are found which would not cause the average, reasonable, trained person to believe it was a weapon, there is no reason to inquire into such items unless there is a coincidental reason, which, combined with the presence of the object, amounts to proper cause (reasonable suspicion) to justify such additional search.
- 8. Discovery of Prohibited Items (Weapons, Dangerous Devices, Drugs, etc.)
  - a. When an individual is found to be in possession of prohibited item(s), the principal/designee shall immediately follow appropriate Governing Board policies and regulations. The custody of prohibited item(s) shall be transferred to the local law enforcement official.
  - b. In cases where the local law enforcement take no action because the suspected items are rules not to be illegal and item(s) is only prohibited by Governing Board or school policies/regulations, the principal/designee shall confiscate the item(s) and return it/them to the individual after the school day or event or return them to the individual's parent/guardian.

**Use of Contraband Detection Dogs**

Contraband detection dogs shall not be used in rooms occupied by persons except for demonstration purposes, with the handler present. When used for demonstration purposes, the dog may not sniff the person of any individual and shall be well-separated from the students.

Only the dog's official handler will determine what constitutes an alert by the dog. If the dog alerts on a particular item or place, the student having the use of that item or place or responsibility for it shall be called to witness the search. If the dog alerts on a locked vehicle, the student who brought it onto district property shall be asked to unlock it for inspection.

*(cf. 5131.6 – Alcohol and Other Drugs)*

*(cf. 5144.1 – Suspension and Expulsion/Due Process)*

**Notifications**

At the beginning of each school year and upon enrollment, the Superintendent or designee shall inform students and parents/guardians about the district's policies and procedures for searches, including notice regarding:

**SEARCH AND SEIZURE (continued)**

1. The possibility of random searches of students, their belongings, their vehicles parked on district property, and district properties under a student's control, including lockers or desks
2. The district's contraband dog detection program
3. The use of metal detector scans

In addition, the Superintendent or designee shall ensure that signs are posted at all schools at which metal detectors are to be used to explain that anyone may be scanned by metal detector for guns, knives, or other illegal weapons when on campus or attending athletic or extracurricular events.

**UNIFORM COMPLAINT PROCEDURES**

The Board of Education recognizes that the district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The Board encourages the early resolution of complaints whenever possible. To resolve complaints which may require a more formal process, the Board adopts the uniform system of complaint processes specified in 5 CCR 4600-4670 and the accompanying administrative regulation.

**Complaints Subject to UCP**

The district's uniform complaint procedures (UCP) shall be used to investigate and resolve the following complaints:

1. Any complaint alleging district violation of applicable state or federal law or regulations governing any program subject to the UCP which is offered by the district, including adult education programs; After School Education and Safety programs; agricultural career technical education; federal career technical education; child care and development programs; child nutrition programs; compensatory education; consolidated categorical aid programs; the federal Every Student Succeeds Act; migrant education; Regional Occupational Centers and Programs; school safety plans; California State Preschool Programs; and any other district-implemented state categorical program that is not funded through the local control funding formula pursuant to Education Code 6400.

**Filing of Complaint**

All complaints shall be filed in writing and signed by the complainant. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, District staff shall assist in the filing of the complaint. (5CCR 4600)

Complaints shall also be filed in accordance with the following rules, as applicable:

1. A complaint alleging district violation of applicable state or federal law or regulations governing the programs, specified in the accompanying Board policy (item #1 of the section "Complaints Subject to UCP") may be filed by any individual, public agency, or organization. (5 CCR 4630)
2. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension. (5 CCR 4630)
4. When a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) is filed anonymously, the compliance officer shall pursue an

investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.

5. When the complainant of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) or the alleged victim, when not the complainant, requests confidentiality, the compliance officer shall inform the complainant or victim that the request may limit the district's ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.

**Mediation**

Within three business days after receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation, unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall ensure that all parties agree to make the mediator a party to relevant confidential information. The compliance officer shall also notify all parties of the right to end the informal process at any time.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with an investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then the district shall take only the actions agreed to through the mediation. If mediation is unsuccessful, the district shall then continue with subsequent steps specified in this administrative regulation.

**Investigation of Complaint**

Within 10 business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within one business day of initiating the investigation, the compliance officer shall provide the complainant and/or the complainant's representative with the opportunity to present the information contained in complaint to the compliance officer and shall notify the complainant and/or representative of the opportunity to present the compliance officer with any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

**UNIFORM COMPLAINT PROCEDURES (continued)**

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. The compliance officer shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform both parties of the status of the investigation.

To investigate a complaint alleging retaliation, unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall interview the alleged victim(s), any alleged offenders, and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the District's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. Similarly, a respondent's refusal to provide the district's investigator with documents or other evidence related to the allegations, in the complaint, failure or refusal to cooperate in the investigations, or engagement in any other obstruction of the investigation may result in a finding, based on evidence collected, that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

In accordance with law, the district shall provide the investigator with access to records and other information related to the allegation in the complaint and shall not in any way obstruct the investigation. Failure or refusal of the district to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

**Timeline for Final Decision**

Unless extended by written agreement with the complainant, a final decision shall be sent to the complainant within 60 calendar days of the district's receipt of the complaint. Within 30 calendar days of receiving the complaint, the compliance officer shall prepare and send to the complainant a written report, as described in the section "Final Written Decision" below. If the complainant is dissatisfied with the compliance officer's decision, he/she may, within five business days, file his/her complaint in writing with the Board.

The Board may consider the matter at its next regular Board meeting or at a special Board meeting convened in order to meet the 60-day time limit within which the complaint must be answered. When required by law, the matter shall be considered in closed session. The Board may decide not to hear the complaint, in which case the compliance officer's decision shall be final.

*(cf. 9321 - Closed Session)*

**UNIFORM COMPLAINT PROCEDURES (continued)**

If the Board hears the complaint, the compliance officer shall send the Board's decision to the complainant within 60 calendar days of the district's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. (5 CCR 4631)

For any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), the respondent also shall be informed of any extension of the timeline agreed to by the complainant, shall be sent to the district's final written decision, and, in the same manner as the complainant, may file a complaint with the Board if dissatisfied with the decision.

**Final Written Decision**

For all complaints, the district's final written decision shall include: (5 CCR 4631)

1. The findings of fact based on the evidence gathered. In reaching a factual determination, the following factors may be taken into account:

4. Rationale for such disposition

For complaints of retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the disposition of the complaint shall include a determination for each allegation as to whether retaliation or unlawful discrimination has occurred.

The determination of whether a hostile environment exists may involve consideration of the following:

- a. The manner in which the misconduct affected one or more students' education
- b. The type, frequency, and duration of the misconduct

**UNIFORM COMPLAINT PROCEDURES (continued)**

- c. The relationship between the alleged victim(s) and offender(s)
  - d. The number of persons engaged in the conduct and at whom the conduct was directed
  - e. The size of the school, location of the incidents, and context in which they occurred
  - f. Other incidents at the school involving different individuals
5. Corrective action(s), including any actions that have been taken or will be taken to address the allegations in the complaint and including, with respect to a student fees complaint, a remedy that comports with Education Code 49013 and 5 CCR 4600

For complaints of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the decision may, as required by law, include:

information provided in the district's policy, regulation, forms, and notices concerning the UCP. If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning the UCP shall be translated into that language, in accordance with Education Code 234.1 and 48985. In all other instances, the district shall ensure meaningful access to all relevant UCP information for parents/guardians with limited English proficiency.

**Filing of Complaint**

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp.

All complaints shall be filed in writing and signed by the complainant. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, District staff shall assist in the filing of the complaint. (5CCR 4600)

Complaints shall also be filed in accordance with the following rules, as applicable:

1. A complaint alleging district violation of applicable state or federal law or regulations governing the programs, specified in the accompanying Board policy (item #1 of the section "Complaints Subject to UCP") may be filed by any individual, public agency, or organization. (5 CCR 4630)
2. Any complaint alleging noncompliance with law regarding the prohibition against student fees, deposits, and charges or any requirement related to the LCAP may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the principal of the school or with the Superintendent or designee. However, any such complaint shall be filed no later than one year from the date the alleged violation occurred. (Education Code 49013, 52075; 5 CCR 4630)
3. A complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), may be filed only by a persons who alleges that they have personally suffered unlawful discrimination or who believe that an individual or any specific class of individuals has been subjected to unlawful discrimination. The complaint shall be initiated no later than six months from the date that the alleged unlawful discrimination occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension. (5 CCR 4630)
4. When a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) is filed anonymously, the compliance officer shall pursue an

**UNIFORM COMPLAINT PROCEDURES (continued)**

investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.

5. When the complainant of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) or the alleged victim, when not the complainant, requests confidentiality, the compliance officer shall inform the complainant or victim that the request may limit the district's ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.

**Mediation**

Within three business days after receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation, unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall ensure that all parties agree to make the mediator a party to relevant confidential information. The compliance officer shall also notify all parties of the right to end the informal process at any time.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with an investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then the district shall take only the actions agreed to through the mediation. If mediation is unsuccessful, the district shall then continue with subsequent steps specified in this administrative regulation.

**Investigation of Complaint**

Within 10 business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within one business day of initiating the investigation, the compliance officer shall provide the complainant and/or the complainant's representative with the opportunity to present the information contained in complaint to the compliance officer and shall notify the complainant and/or representative of the opportunity to present the compliance officer with any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

**UNIFORM COMPLAINT PROCEDURES (continued)**

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. The compliance officer shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform both parties of the status of the investigation.

To investigate a complaint alleging retaliation, unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall interview the alleged victim(s), any alleged offenders, and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the District's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. Similarly, a respondent's refusal to provide the district's investigator with documents or other evidence related to the allegations, in the complaint, failure or refusal to cooperate in the investigations, or engagement in any other obstruction of the investigation may result in a finding, based on evidence collected, that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

In accordance with law, the district shall provide the investigator with access to records and other information related to the allegation in the complaint and shall not in any way obstruct the investigation. Failure or refusal of the district to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

**Timeline for Final Decision**

Unless extended by written agreement with the complainant, a final decision shall be sent to the complainant within 60 calendar days of the district's receipt of the complaint. Within 30 calendar days of receiving the complaint, the compliance officer shall prepare and send to the complainant a written report, as described in the section "Final Written Decision" below. If the complainant is dissatisfied with the compliance officer's decision, he/she may, within five business days, file his/her complaint in writing with the Board.

The Board may consider the matter at its next regular Board meeting or at a special Board meeting convened in order to meet the 60-day time limit within which the complaint must be answered. When required by law, the matter shall be considered in closed session. The Board may decide not to hear the complaint, in which case the compliance officer's decision shall be final.

*(cf. 9321 - Closed Session)*

**UNIFORM COMPLAINT PROCEDURES (continued)**

If the Board hears the complaint, the compliance officer shall send the Board's decision to the complainant within 60 calendar days of the district's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. (5 CCR 4631)

For any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), the respondent also shall be informed of any extension of the timeline agreed to by the complainant, shall be sent to the district's final written decision, and, in the same manner as the complainant, may file a complaint with the Board if dissatisfied with the decision.

**Final Written Decision**

For all complaints, the district's final written decision shall include: (5 CCR 4631)

1. The findings of fact based on the evidence gathered. In reaching a factual determination, the following factors may be taken into account:

- a. The corrective actions imposed on the respondent
  - b. Individual remedies offered or provided to the complainant or another person who was the subject of the complaint, but this information should not be shared with the respondent.
  - c. Systemic measures the school has taken to eliminate a hostile environment and prevent recurrence
6. Notice of the complainant's and respondent's right to appeal the District's decision to CDE within 15 calendar days and procedures to be followed for initiating such an appeal.

The decision may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

In consultation with district legal counsel, information about the relevant part of a decision may be communicated to a victim who is not the complainant and to other parties who may be involved in implementing the decision or are affected by the complaint, as long as the privacy of the parties is protected. In a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), notice of the district's decision to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.

If the complaint involves a limited-English-proficient student or parent/guardian and the student involved is enrolled in a school at which 15 percent or more of the students speak a single primary language other than English, then the decision shall also be translated into that language pursuant to Education Code 48985. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

For complaints alleging unlawful discrimination based on state law (such as discriminatory harassment, intimidation, and bullying), the decision shall also include a notice to the complainant that:

**UNIFORM COMPLAINT PROCEDURES (continued)**

1. The complainant may pursue available civil law remedies outside of the district's complaint procedures, including seeking assistance from mediation centers or public/private interest attorneys, 60 calendar days after the filing of an appeal with the CDE. (Education Code 262.3)
2. The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law. (Education Code 262.3)
3. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at [www.ed.gov/ocr](http://www.ed.gov/ocr) within 180 days of the alleged discrimination.

**Corrective Actions**

When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the larger school or district environment may include, but are not limited to, actions to reinforce district policies, training for faculty, staff, and students, updates to school policies, or school climate surveys.

*(cf. 4118 - Dismissal/Suspension/Disciplinary Action)*

*(cf. 4218 - Dismissal/Suspension/Disciplinary Action)*

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), that the district does not tolerate it, and how to report and respond to it.

When a complaint is found to have merit, an appropriate remedy shall be provided to the complainant or other affected person.

However, if a complaint alleging noncompliance with the laws regarding student fees, deposits, and other charges, physical education instructional minutes, or any requirement related to the LCAP is found to have merit, the district shall provide a remedy to all affected students and

(Education Code 49013; 5 CCR 4600)

**Appeals to the California Department of Education**

The appeal shall be sent to CDE with a copy of the original locally filed complaint and a copy of the district's decision in that complaint. (5 CCR 4632)

When a respondent in any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying) is dissatisfied with the District's final written decision, the respondent, in the same manner as the complainant, may file an appeal with the CDE.

8. District procedures for responding after a suicide has occurred

**Instruction**

The District's comprehensive health education program shall promote the healthy mental, emotional, and social development of students and shall be aligned with the state content standards and curriculum framework. Suicide prevention instruction shall be incorporated into the health education curriculum in an appropriate manner designed to help students:

1. Identify and analyze signs of depression and self-destructive behaviors and understand how feelings of depression, loss, isolation, inadequacy, and anxiety can lead to thoughts of suicide
2. Develop coping and resiliency skills and self-esteem
3. Learn to listen, be honest, share feelings, and get help when communicating with friends who show signs of suicidal intent
4. Identify trusted adults, school resources, and/or community crisis intervention resources where youth can get help and recognize that there is no stigma associated with seeking mental health, substance abuse, and/or suicide prevention services

**SUICIDE PREVENTION (continued)**

Every statement regarding suicidal intent shall be taken seriously. Whenever a staff member suspects or has knowledge of a student's suicidal intentions based on the student's verbalizations or act of self-harm, the staff member shall promptly notify the principal or school counselor, who shall implement district intervention protocols as appropriate.

Although any personal information that a student discloses to a school counselor shall generally not be revealed, released, referenced, or discussed with third parties, the counselor may report to the principal or student's parent/guardians when there is reasonable cause to believe that disclosure is necessary to avert a clear and present danger to the health, safety, or welfare of the student or others within the school community. In addition, the counselor may disclose information of a personal nature to psychotherapists, other health care providers, or the school nurse for the sole purpose of referring the student for treatment. (Education Code 49602)

When a suicide attempt or threat is reported, the principal or designee shall ensure student safety by taking the following actions:

1. Immediately securing medical treatment and/or mental health services in necessary
2. Notifying law enforcement and/or other emergency assistance if a suicidal act is being actively threatened

The Superintendent or designee shall follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed. If the parent/guardian does not

**SUICIDE PREVENTION (continued)**

access treatment for the student, the Superintendent or designee may meet with the parent/guardian to identify barriers to treatment and assist the family in providing follow-up care for the student. If follow-up care is still not provided, the Superintendent or designee shall consider whether he/she is required, pursuant to laws for mandated reporters of child neglect, to refer the matter to the local child protective services agency.

*(cf. 5141.4 – Child Abuse Prevention and Reporting)*

For any student returning to school after a mental health crisis, the principal or designee and/or school counselor may meet with the parents/guardians and, if appropriate, with the student to discuss re-entry and appropriate next steps to ensure the student's readiness for return to school and determine the need for ongoing support.

**Postvention**

In the event that a student dies by suicide, the Superintendent or designee shall communicate with the student's parents/guardians to offer condolences, assistance, and resources. In accordance with the laws governing confidentiality of student record information, the Superintendent or designee shall consult with the parent/guardians regarding facts that may be divulged to other students, parents/guardians, and staff.

6. **CONFIDENTIALITY**

The parties shall meet within thirty (30) calendar days and shall, in good faith, attempt to negotiate a modification to this Agreement that minimizes the adverse effect. Notwithstanding the provisions herein, if the parties fail to reach a negotiated modification concerning the adverse action, then the affected party may terminate this Agreement by giving at

least one hundred eighty (180) calendar days' notice or may terminate sooner if agreed to by both parties.

If either party is unable to comply with any provision of this Agreement due to causes beyond its reasonable control and which could not have been reasonably anticipated, such as acts of God, acts of war, civil disorders, or other similar acts, such party shall not be held liable for such failure to comply.

**12. ASSIGNMENT**

Neither party shall assign or transfer any interest in this Agreement without the prior written consent of the other party. Any attempt to assign or transfer any interest without the prior written consent of the other party shall be deemed void and of no force or effect. The parties agree that the COUNTY's transfer of the administrative or fiscal responsibility of this Agreement from one COUNTY department to another will not constitute an assignment under this Agreement.

**14. GOVERNING LAW**

This Agreement shall be governed by the laws of the State of California. Any legal action related to the performance or interpretation of this Agreement shall be filed only in the Superior Court of the State of California located in Riverside, California, and the parties waive any provision of law providing for a change of venue to another location. **Federal Contract Provisions and Orders of Local, State or Federal Health Officials**

**A. ORDERS OF LOCAL, STATE OR FEDERAL HEALTH OFFICIALS, EXECUTIVE ORDERS**

COUNTY and SCHOOL DISTRICT mutually acknowledge that local, state, or federal authorities may issue official orders or take other official actions, subsequent to the execution of this Agreement, that parties to this Agreement cannot presently predict. COUNTY and SCHOOL DISTRICT mutually acknowledge and agree that this Agreement shall be subject to the provisions of any such official action or order, particularly but not limited to Executive Orders of the State of California and Orders of the County Public Health Officer, and the like ("Official Actions"), and if the provisions of any such Official Actions materially impact the terms of this Agreement, the provisions of those Official Actions shall govern.

To the extent SCHOOL DISTRICT is providing the services under this Agreement at the request of COUNTY under the California Emergency Services Act (the "Act" (California Government Code, § 8550 et seq.)), the COUNTY is subject to certain immunities with respect thereto and would not be liable for any claim based upon the exercise or performance, or the failure to exercise or perform, a discretionary function or duty on the part of the County or any employee of the County in carrying out the provisions of the Act.

**B. FEDERAL CONTRACT PROVISIONS**

The parties acknowledge that the COUNTY or State may request FEMA financial assistance to fund all or a portion of this Agreement. The SCHOOL DISTRICT shall comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives. To the extent applicable, the following federal contract provisions required under 2 C.F.R § 200.326 and 2 C.F.R. Part 200, Appendix II, are hereby fully incorporated herein and made a part of the Agreement, and all references to this Agreement shall include the following provisions. In the event of any inconsistency or redundancy between the Agreement and these provisions, these provisions shall control. As used in these provisions, "contractor" or "Contractor" is the same as the SCHOOL DISTRICT as defined above, and "the contract" is this Agreement. All capitalized terms used herein without definition shall have the same meaning as set forth in 41 C.F.R. Part 60.

**1. REMEDIES**

See sections 4 and 15 of the Agreement.

**2. TERMINATION FOR CAUSE AND CONVENIENCE**

See section 4 of the Agreement.

**3. EQUAL EMPLOYMENT OPPORTUNITY**

During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

- (2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- (3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
- (4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- (6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as

the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

2. Training Topic:
  - o School Accountability Report Card – Every year this is sent to the state and has the previous year's information. Mr. Diulio showed us the different parts of the report card including the dashboard, the enrollment numbers, teacher statistics, textbooks, facilities, and state testing. On the California Dashboard, you can see all the information about any school. Mr. Diulio showed us the dashboard for our school.
3. School Plan for Student Achievement (SPSA)
  - o Present School Budget tied to SPSA actions – We looked at our goals focused on attendance and discipline. Attendance will be a hard thing to gauge this year because of Covid. We can still keep the goals even though we do not know when our attendance will go back to normal. With suspensions, we are on track to meet our goal. We will be having another behavior assembly soon. Something that has helped with discipline has been that students can report incidents online before anything becomes a bigger issue. Parent Engagement has been hard to improve on because of Covid restrictions.
