Students who would enroll in two academic courses (July 1- August 10) and complete their academic school work will get the cost of our camps covered by Elite Academic Academy (charter school); with each student working towards Core/Elective and Physical Education credits. Students are given 2 classes to complete. Last summer the classes were PE and a LIFE course. Students are able to choose other courses if they need to make up credit. Packets will be delivered to school for students to complete.

Students must complete the registration form and the required courses by July 14th, 10 days before attending the camp.
